APPROVED SCHOOLS IN CALIFORNIA.

(1) California Eclectic Medical College, Los Angeles. **Closed** June 24, 1915.*

This institution was chartered by a special act of the legislature in 1878 under the name of the California Medical College, as an educational institution not conducted for profit. Chartered in 1887 in San Francisco; moved to Los Angeles 1906. From 1909 to 1915 was located at 337½ South Hill Street.*

(2) College of Medical Evangelists, Loma Linda and Los Angeles.

Incorporated 1909. In 1910, the Sanitarium and College of Medical Evangelists came under the same corporation as the College of Medical Evangelists—Loma Linda and Los Angeles. Gives a four-year medical course. President of School, Newton Evans, M.D., Loma Linda. Dean of Clinical Division, Percy T. Magan, M.D., Los Angeles. The Laboratory Division is located at Loma Linda and the Clinical Division at 304 North Boyle Avenue, Los Angeles, California. Classes graduated, 5; alumni, 63; present enrollment of students, 84.

(3) College of Osteopathic Physicians and Surgeons, San Fernando Bldg., Los Angeles.

Incorporated July 17, 1914, by a merger of the Pacific College of Osteopathy, later the Pacific Coast College of Osteopathy and the Los Angeles College of Osteopathy. It receives and graduates one class each year. It graduated its first class of 44 on January 29, 1915, and graduated second class of about 66 on June 17, 1915, confers the degree of doctor of osteopathy on those completing the four-year course. Dean, R. W. Bowling, D.O.

(4) College of Physicians and Surgeons, 344 Fourteenth, between Woodward and Stevenson Streets, San Francisco. **Closed** Aug., 1918.*

Incorporated 1896. First class graduated 1897. Total classes graduated, 21. Present enrollment, 81. Alumni (Medical Department), 365.

(5) College of Physicians and Surgeons. Medical Department University of Southern California, Los Angeles (516 E. Washington Street, Los Angeles).

Formed August 11, 1909, by the affiliation of the College of Physicians and Surgeons of Los Angeles. Incorporated December 11, 1903, with and as the Medical Department of the University of Southern California. College of Physicians and Surgeons of Los Angeles graduated five classes from 1905 to 1909, inclusive. The Dean is Dr. Charles W. Bryson, M.D., Los Angeles.

(6) Cooper Medical College (now the Stanford University Medical School), Sacramento and Webster Streets, San Francisco, California.

Founded in 1858 as the Medical Department of the University of the Pacific. Discontinued in 1864. Revived in 1870, and named the Medical College of the Pacific

*College closed. Will not teach but will grant diplomas to such of the present student body as complete their course in some other institution approved by the Board.

452366

Digitized by Google

in 1872. This college was succeeded by Cooper Medical College in 1882. First class graduated in 1860. Three-year course established in 1879. Four-year course with high school graduation or its equivalent as preliminary education established in 1896. Transferred its property to Leland Stanford Junior University in 1908. Last class graduated in 1912. [See (8).]

(7) Hahnemann Medical College of the Pacific, Maple and Sacramento Streets, San Francisco. **Closed** by union with University of California Medical School.

(Homeopathic.) Incorporated January 12, 1881, as the Hahnemann Medical College of San Francisco. First class graduated 1884 and a class graduated each subsequent year. Reincorporated 1887 as the Hahnemann Hospital College of San Francisco. Reincorporated 1902 as the Hahnemann Medical College of the Pacific. Classes graduated, 35. Alumni, 306. Became a part of the University of California by union in 1915. Classes from 1915 to 1918 graduated conjointly with the commencement exercises of the University of California. The last class was graduated May 15, 1918.

(8) Leland Stanford Jr. University, School of Medicine, Sacramento and Webster Streets, San Francisco, California, and Stanford University P.O. [See 6.]

Organized in 1908 as the successor to Cooper Medical College. Entrance requirements, three years of collegiate work. A medical course of five years, including a required interne year. W. Ophüls, Dean.

(9) Los Angeles College of Osteopathy (absorbed) [See (3)].

Incorporated October, 1905. Classes graduated, 18; approximate alumni, 500. Merged with the Pacific College of Osteopathy and the Pacific Coast College of Osteopathy 1914 to become the College of Osteopathic Physicians and Surgeons.

(10) Oakland College of Medicine and Surgery, Thirty-first and Grove Streets, Oakland. **Ceased teaching.**

Incorporated 1900. Opened 1902. First class graduated 1906. Registrar, Edward N. Ewer, M.D., First National Bank, Oakland.

(11) Pacific Coast College of Osteopathy, Los Angeles. (See Pacific College of Osteopathy, the educational work of which was taken over by this corporation during the last year of its existence.)

Incorporated May 5, 1913, and existed for one year only.

(12) Pacific College of Osteopathy, Los Angeles (absorbed) [See (3)].

Incorporated 1896. Graduated classes until December 23, 1913, when the Board of Trustees transferred the educational work to the Pacific Coast College of Osteopathy, which was incorporated May 5, 1913. Granted degree of doctor of osteopathy and twelve degrees doctor of medicine. Approximate alumni, 260.

(13) University of California Medical School, Berkeley and San Francisco.

Organized in 1862 as the Toland Medical College. First class graduated 1865. Transferred to the Regents of the University 1872. Became an integral part of the University of California in 1902. In 1909, the University of Southern California College of Medicine merged as the Los Angeles Medical Department, which now conducts post graduate instruction only. In 1912, consolidation of all departments of the school in San Francisco was resolved. Dean, Herbert C. Moffitt, M.D.

(14) University of California, Los Angeles Department, College of Medicine (post graduate since 1914).

Founded 1885. First class graduated in 1888, and a class graduated each subsequent year. Early in 1909 it merged with the University of California as the Los Angeles Medical Department, and since 1914 has been conducting post graduate courses only. Dean, George H. Kress, M.D. [See (13).]

PRIOR BOARDS OF EXAMINERS AND CLASSES OF CERTIFICATES ISSUED.

From April 3, 1876, to August 1, 1901. [See Chapter 518, Statutes 1876; also, see Chapter 576, Statutes 1878.]

1. Board of Examiners, Medical Society, State of California.
2. Board of Examiners, California State Homeopathic Medical Society.
3. Board of Examiners, Eclectic Medical Society.

Each Board issued certificates to practice medicine and surgery on credentials.

From August 1, 1901, to May 1, 1907. [See Chapter 51, Statutes 1901.]

Composite Board composed of—
Five members elected by the Medical Society of the State of California.
Two members elected by the California State Homeopathic Medical Society.
Two members elected by the Eclectic Medical Society.
Issued certificates to practice medicine and surgery after written examination.

Digitized by Google

From March 9, 1901, to May 1, 1907. [See Chapter 99, Statutes 1901.]
Board of Osteopathic Examiners.

Issued certificates to practice osteopathy on presentation of satisfactory credentials.

From May 1, 1907, to August 10, 1913. [See Chapter 212, Statutes 1907; also, see Chapters 740 and 745, Statutes 1911.]

Composite Board composed of—
Five members from the Medical Society of the State of California.
Two members from the California State Homeopathic Medical Society.
Two members from the Eclectic Medical Society.
Two members from the Osteopathic Association of California.

Issued certificates after written examination: Class A—to practice medicine and surgery. Class B—to practice osteopathy.

On March 19, 1909 [Chapter 276, Statutes 1909], an amendment became effective which demanded the endorsement by the Board of Medical Examiners of all certificates issued by the Board of Examiners of the Association of Naturopaths of California; 105 certificates were endorsed.

Since August 10, 1913 [Chapter 354, Statutes 1913; Chapter 105, Statutes 1915; Chapter 81, Statutes 1917], there has been a Composite Board of ten members, although the Act does not specify that they shall represent any particular school or sect.

The Board issues certificates (A) to practice medicine and surgery; (BB) to practice a drugless system; (C) a reciprocity certificate; (E) certificate to practice chiropody; (F) certificate to practice midwifery. Class C certificates may be issued to correspond with any class of certificate issued under this or any prior Medical Practice Acts under conditions prescribed in section 13, chapter 105, Amended, Statutes 1915; amended Statutes 1917.

Sec. 2, chapter 81, States 1917, imposes an annual tax of $2, payable on January 1 of each year, by each holder of any form of certificate issued by this or prior Boards which granted a certificate entitling the holder to practice a system of the healing art in California. Failure to pay the tax of $2 prior to 60 days after January 1st of a given year automatically forfeits your certificate with consequent omission of record of such from the directory until such time as a written request accompanied by a fee of $10 effects a re-instatement.

Your particular attention is directed to the requirement that you notify us of each change of address.

To delinquents whose names are omitted from this issue: The office of the board forwarded notice of the $2 tax to all licentiates of known address in July of 1917 and a subsequent notice in the latter part of November or early in December of 1917. Notices also appeared in the June, August and December, 1917, issues of the California Journal of Medicine. Notice of the tax also appeared in other medical journals published in this state. The Journal of the American Medical Association of August 25, 1917, page 657, published notice of the annual tax.

Notice of the annual tax of 1919 was mailed to all addresses of record in the office of the Board November, 1918, and notice was published in the various medical journals.

NOTICE.

The attention of all licentiates is directed to Sec. 18, which demands that anyone engaged in the treatment of the sick or afflicted in the State of California shall cause to be displayed in a conspicuous place in his office his certificate.

Sec. 15 demands that the certificate shall be registered in whatever county the holder may practice and provides a penalty for noncompliance.

Change of name by marriage or other process of law must be recorded in the office of the Board.

Lost certificates must be duplicated by the Board of Medical Examiners. Send for affidavit form to be completed and forwarded with fee of $1.00 to the Board of Medical Examiners.

A penalty is imposed for practicing under any other name than that appearing on the original certificate issued by the Board. In case of change of name through marriage send for proper affidavit blank to legalize practice under the married name.

Notify this office of each change of address. It is to your interest.
Register your certificate in each county where practice is conducted.
Read subject matter in the addenda.

ANNUAL TAX, GOVERNMENT SERVICE.

The 1919 Legislature passed Senate Bill No. 405, introduced by Senator Sharkey of Martinez, Contra Costa County, "authorizing the State Board of Medical Examiners to refund taxes, fees and penalties collected by mistake, error, or inadvertence, and providing an appropriation therefor."

His Excellency Governor Stephens has signed the bill, and the provisions thereof will become effective ninety days after date of the adjournment of the Legislature, and thereafter the Board is empowered to make refund of a tax or penalty paid under the provisions of the Medical Practice Act by any licentiate in government service.

The Board of Medical Examiners has the honor and pleasure to inform you that an opinion has been rendered, approved by Hon. U. S. Webb, Attorney General of California, which permits the Board of Medical Examiners to exempt from payment of the $2.00 annual tax, those licentiates who gave their services to the national government during the recent war as commissioned medical officers "in the United States army, navy or marine hospital, or public health service."

Any licentiate of the State of California who held a commission as a medical officer in the U. S. army, navy or marine hospital, or public health service, is exempt from the payment of the tax while in the discharge of his official duties. If a licentiate was so connected, either in California or elsewhere, for a period of time covering January first of one year to January first of the succeeding year, such licentiate is exempt from the tax. In the event that during a portion of any year, the licentiate was not so connected, then the tax must be collected.

Proof of either exemption from tax or to claim refund will suffice if the licentiate forwards to the Board of Medical Examiners an affidavit containing a copy of both his appointment and discharge, further substantiated by a statement therein of the exact date of commencement of service and termination thereof, with rank at date of discharge. If still on active duty, the licentiate will so state.

We trust that you will bear with us until the new bill becomes operative, inasmuch as there is a tremendous amount of detail incident to checking up the large number of licentiates who demonstrated their fervent patriotism in aiding our government during the world's greatest war.

STENCIL ADDRESSING SERVICE.

An up-to-date selective service stencil list of all licensed to practice in California is maintained in the office of the Board and service is offered, at 50 cents per 100 (net), to all who desire to avail themselves of the facility of rapidly addressing envelopes, wrappers, etc., to physicians and surgeons, osteopaths, drugless, chiropodists or midwives licensed by the California Board.

Digitized by Google

The Board of Medical Examiners would gratefully appreciate the receipt of bound or unbound numbers or volumes of editions of the following Journals dated prior to May 1, 1906:

California Journal of Medicine,
Pacific Medical Journal,
Southern California Practitioner,
Pacific Journal of Homeopathy.

Also any Directories of Physicians of California published prior to 1887, as well as a copy of the following Directories of Physicians of California: 1888, 1889, 1890, 1892, 1893, 1894, 1895, 1896, 1897, 1904, 1908, 1909.

Forward to Board of Medical Examiners, Forum Building, Sacramento, Cal., via Wells Fargo Express, charges collect.

CHARLES B. PINKHAM,
Secretary-Treasurer.

WHAT THE BOARD OFFERS TO PHYSICIANS.

LABORATORY FACILITIES.

Wassermann reactions for syphilis will be performed for any physician in California free of charge in the Hygienic Laboratory of the Bureau of Communicable Diseases, Berkeley.

Biological examinations for anthrax, diphtheria, dysentery, gonococcus infections, malaria, tuberculosis (sputum examinations) and typhoid (Widal tests) will be made in the main laboratory at Berkeley, in the Northern Branch laboratory, 400 Capital Bank Building, Sacramento, and in the Southern Branch Laboratory, Union League Building, Los Angeles, free of charge, for any physician in the state, with the exception of those in cities having populations of 25,000 and over.

Examinations for typhoid carriers. Special examinations for the detection of typhoid carriers will be undertaken by the bureau at all times and it is specially urged that physicians send to the Hygienic Laboratory stool specimens from all convalescent typhoid cases. This should be done so as to catch in their incipiency typhoid carriers who are the greatest source of infection.

Mailing outfits for sending specimens for tuberculosis, diphtheria-typhoid, malaria, gonococcus infection and syphilis infections will be sent upon request. The bureau has established in the drug stores of many towns of the state stations for the distribution of these mailing outfits. These outfits only must be used for sending specimens to the Bureau of Communicable Diseases, Berkeley, to the Southern Branch Laboratory, Union League Building, Los Angeles, or the Northern Branch Laboratory, Capital National Bank Building, Sacramento.

STATE DISTRICT HEALTH OFFICERS.

The services of the six state district health officers are available for assistance in the control of outbreaks of communicable disease and for supplementing the work of the Board's bureaus. These six district health officers may be addressed as follows:

NORTH COAST DISTRICT, Dr. Allen F. Gillihan, 1041 College avenue, Santa Rosa.
NORTHERN DISTRICT, Harold F. Gray, Gr.P.H., Box 532, City Hall, Chico.
CENTRAL COAST DISTRICT, Robert N. Hoyt, S.B., City Hall, San Jose.
CENTRAL DISTRICT, Dr. Ralph W. Nauss, City Hall, Fresno.
SOUTH COAST DISTRICT } Dr. Gavin J. Telfer, 214 Union League Building, Los Angeles.
SOUTHERN DISTRICT }

PUBLICATIONS.

Special regulations for the control of the various communicable diseases have been adopted by the California State Board of Health. Copies of these regulations may be obtained from the secretary of the board, Sacramento, without cost. These include regulations for the control of diphtheria (Bull. No. 5), typhoid fever (Bull. No. 6) malaria (Bull. No. 9), tuberculosis (Bull. No. 11), hookworm (Bull. No. 12), poliomyelitis (Bull. No. 15), typhus fever (Bull. No. 17), scarlet fever (Bull. No. 19), syphilis and gonococcus infections (Bull.

Digitized by Google

No. 24), chickenpox, mumps, measles, German measles, whooping-cough, epidemic cerebrospinal meningitis, and acute lobar pneumonia (Bull. No. 25), and smallpox (Bull. No. 26).

The board issues a monthly bulletin which will be mailed without cost to any practitioner or citizen of California.

WHAT THE BOARD REQUIRES OF PHYSICIANS.

Reportable Diseases.

The law requires the prompt reporting of the following diseases to the local health officer whose duty it is to report weekly to the State Board of Health:

Anthrax	Hookworm	**Poliomyelitis**
Beri-beri	Influenza	Rabies
Cerebrospinal Meningitis (Epidemic)	**Leprosy**	Rocky Mountain Spotted Fever
Chickenpox	Lethargic Eucephalitis	**Scarlet Fever**
Cholera, Asiatic	Malaria	**Smallpox**
Dengue	Measles	Syphilis
Diphtheria	Mumps	**Typhus Fever**
Dysentery	Ophthalmia Neonatorum	Trachoma
Erysipelas	Paratyphoid Fever	Tuberculosis
German Measles	Pellagra	Typhoid Fever
Glanders	Tetanus	Whooping-cough
Gonococcus Infection	**Plague**	**Yellow Fever**
	Pneumonia (Lobar)	

Diseases in black face are quarantinable.

The law. By section 2979*a*, Political Code, it is made the duty of "every attending or consulting physician, nurse, or other person, having charge of or caring for any person afflicted with any of said contagious diseases, to report at once in writing to the local health officer," etc.

Section 16 of the Public Health Act requires that "physicians," etc., shall "promptly report" such communicable diseases to the local health officers.

Penalties. The penalty provided under the Public Health Act last referred to, for a violation of any of its provisions, is that the person so violating "shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than twenty-five dollars and not more than five hundred dollars, or by imprisonment for a term of not more than ninety days, or by both such fine and imprisonment."

Penal Code, section 378, provides that "every person charged with the performance of any duty under the laws of this state relating to the preservation of public health, who wilfully refuses or neglects to perform same, is guilty of a misdemeanor."

Penal Code, section 19, provides that the punishment for a misdemeanor is imprisonment in the county jail not to exceed six months, or a fine not exceeding five hundred dollars, or both."

Venereal diseases are not only reportable by number, but the regulations now require every physician who is consulted by a new patient to ascertain from him whether he has been previously treated by any one else. The physician is then required to notify the former physician

Digitized by Google

on a form card furnished by the department that he is now in attendance. If the patient under treatment does not report to his physician for a period of two weeks after the time expected, the physician is then required to report the name and address of the patient to the State Board of Health. This regulation is to insure the continued treatment of venereal disease cases until they are no longer a menace to society. As provided in section 2979 of the Political Code, the California State Board of Health has appointed local health officers as inspectors of the board with full power to quarantine venereal and other diseases.

Special regulations for the prevention and control of communicable diseases have been adopted by the board, copies of which, as listed above, may be obtained, upon request.

Birth registration. Attention is called particularly to the law requiring prompt filing of birth certificates. Delay in naming the child is no excuse, as provision is made for a supplementary report. The State Board of Health intend that California shall attain and keep her place in the Registration Area for births, even if it is necessary to invoke the harsh measures provided by law.

LOCAL HEALTH DISTRICTS.

Attention is directed to the facilities now existing under a recent state law for the formation of local health districts. The object of this plan is to enable rural communities to combine, forming a health district, and, therefore, to secure the services of a full-time health officer and even a full health organization at the same per capita expenditure that is now possible only for the larger cities. Information concerning this health district plan will be gladly furnished upon request to the Secretary of the State Board of Health.

DIVISIONS OF THE BOARD'S WORK.

The board maintains the following seven bureaus in addition to the executive office, Bureau of Administration, Sacramento:

Bureau of Tuberculosis, E. L. M. Tate-Thompson, Director, Sacramento.

Bureau of Child Hygiene.

Bureau of Communicable Diseases, Dr. Frank L. Kelly, Acting Director, Berkeley.

Bureau of Social Hygiene.

Bureau of Venereal Diseases, San Francisco.

Bureau of Vital Statistics, George D. Leslie, Director.

Bureau of Sanitary Engineering, C. G. Gillespie, Director.

Bureau of Foods and Drugs, E. J. Lea, M.S., Director.

Bureau of Registration of Nurses, Anna C. Jammé, Director.

All communications relative to the state health laws and their enforcement, requests for information regarding public health work in California, and all similar inquiries should be addressed to the Secretary, California State Board of Health, Sacramento.

Digitized by Google

The Bureau of Social Hygiene was established under the State Board of Health, August 13, 1917, following a recommendation to Governor Stephens by representatives of the California Military Welfare Commission, the State Board of Health, and the Army and Navy, and the sum of $60,000 was appropriated by the Governor to maintain the bureau for two years.

The staff consists of a Director, two Sanitarians, Dr. William Dickie and Dr. Ethel M. Watters; and a Social Service Director, Mrs. Elizabeth McManus. The central office is in San Francisco and a branch in Los Angeles.

Active co-operation with the Army and Navy and the United States Public Health Service affords effectiveness.

The functions of the bureau may be defined briefly as: (1) those relating to the educational measures; (2) those concerned with measures for the improvement of facilities for diagnosis and treatment of venereal diseases; (3) those measures regulating the control of the prostitute, who is universally recognized as the principal carrier of venereal disease.

(1) Among the operative educational features may be mentioned the free distribution of pamphlets dealing with the venereal diseases, sex advice, modern treatment, etc. Lectures with slides, exhibits and placards are also supplied on request or wherever the expediency demands.

Stimulation of physicians to the urgency of reporting venereal diseases; establishment and standardization of local hospitals as well as clinics for treatment of venereal disease; enforcement of examination quarantine and treatment of the infected prostitute that the pernicious habit of "floating" diseased individuals from one community to another may be abolished; free distribution of arsenobenzol to indigents; and the offer of free Wassermann or other laboratory examinations, through the co-operation of the State Laboratory.

Advertising of cures for venereal disease and counter-prescribing by druggists are held to be large factors in the spread of these diseases; therefore, measures are being formulated designed to control this phase of the dissemination of syphilis and gonorrhœa.

The staff of the bureau is at all times available for advice in establishing clinics and hospitals as well as questions pertaining to treatment of patients infected with venereal disease.

Every physician in California is urged to actively co-operate in this commendable effort to minimize the ravages of venereal disease and by this means abolish what statistics has proven more destructive to the efficiency of the fighting forces of our government than all diseases combined by an overwhelming percentage—and at a cost to the government in excess of that required to maintain an encampment of 20,000 men.

EXCERPTS FROM STATUTES REGULATING THE PRACTICE OF PHARMACY.

Nothing in this act shall apply to or interfere with any practitioner of medicine who is duly registered as such by the State Board of Medical Examiners of this state with supplying his own patients, as their physician, and by them employed as such, with such remedies as he may desire, and who does not keep a pharmacy, open shop, or drug store, advertised or otherwise for the retailing of medicines or poisons.

SEC. 8. It shall be unlawful for any person, firm or corporation to sell, furnish or give away or offer to sell, furnish or give away or to have in their or his possession any cocaine, opium, morphine, codeine, heroin, alpha eucaine, beta eucaine, nova caine, flowering tops and leaves, extracts, tinctures and other narcotic preparations of hemp or loco weed (*Cannabis sativa*), Indian hemp, or chloral hydrate or any of the salts, derivatives or compounds of the foregoing substances or any preparation or compound containing any of the foregoing substances or their salts, derivatives or compounds excepting upon the written order or prescription of a physician, dentist or veterinary surgeon, licensed to practice in this state, which order or prescription shall be dated and shall contain the name of the person for whom prescribed, written in by the person writing said prescription, or if ordered by a veterinary surgeon it shall state the kind of animal for which ordered and shall be signed by the person giving the prescription or order.

It shall be unlawful for any practitioner of medicine, dentistry or veterinary medicine to furnish to or prescribe for the use of any habitual user of the same, or of any one representing himself as such, any cocaine, opium, morphine, codeine, heroin, or chloral hydrate, or any salt, derivative or compound of the foregoing substances or their salts, derivatives or compounds; and it shall also be unlawful for any practitioner of medicine or dentistry to prescribe any of the foregoing substances for any person not under his treatment in the regular practice of his profession, or for any veterinary surgeon to prescribe any of the foregoing substances for the use of any human being; *provided, however*, that the provisions of this section shall not be construed to prevent any duly licensed physician from furnishing or prescribing in good faith as their physician by them employed as such, for any habitual user of any narcotic drugs who is under his professional care, such substances as he may deem necessary for their treatment, when such prescriptions are not given or substances furnished for the purpose of evading the purposes of this act; ***provided, that such licensed physician shall report in writing, over his signature, by registered mail, to the office of the California State Board of Pharmacy, within twenty-four hours after the first treatment***, each and every habitual user of such narcotic drugs as are enumerated in this section, whom he or she has taken, in good faith, under his or her professional care, for the cure of such habit, such report to contain the date, name and address of such patient, and the name and quantity of the narcotic or narcotics prescribed in such treatment; *provided, further*, that the provision immediately foregoing shall not apply to any licensed physician treating such habitue in good faith who personally administers such narcotics, enumerated in this section, after writing a prescription therefor.

SEC. 8*c*. The board may revoke the registration of any registered pharmacist or assistant pharmacist upon conviction of the second offense for violating any of the provisions of section eight or eight *a* of this act, and in such case said registration shall not be restored before the period of one year from the date of said revocation.

INDUSTRIAL ACCIDENT COMMISSION OF THE STATE OF CALIFORNIA.

525 Market Street, San Francisco.

A. J. PILLSBURY, WILL J. FRENCH, MEYER LISSNER, Members.

H. L. WHITE, Secretary; A. E. GRAUPNER, Counsel.

JURISDICTION OF THE INDUSTRIAL ACCIDENT COMMISSION.

Medical Fees.

Considerable misunderstanding has arisen regarding the jurisdiction of the Industrial Accident Commission over the matter of payment for medical and surgical services, hospital treatment, etc., accorded injured employees under the provisions of

Digitized by Google

the Workmen's Compensation, Insurance and Safety Act. Whether or not the Commission will at any time assume jurisdiction is dependent solely upon the circumstances involved.

Under section 15 (*a*) of the Workmen's Compensation, Insurance and Safety Act, it is incumbent upon the employer to furnish medical and surgical services, hospital treatment, etc., to the injured employee following the date of the accident without regard to cost. Under all conditions, therefore, it is the privilege of the employer to designate what doctor the injured employee is to have attend him, provided it is the intention of the employee to have the employer pay the cost of such treatment. If the injured employee is willing to pay for medical treatment, he has the unquestioned right to select his own physician. If the employer refuses or neglects to provide medical treatment, or if he consents to the employee selecting his own physician, then the employee has the right to choose the physician and it is incumbent upon the employer to pay for such treatment.

The employer, however, must not sleep upon his rights. Immediately upon being notified or having knowledge of an accident to a workman, the employer must take steps to direct him to his (the employer's) medical representative. If he does not do so after notice and opportunity given to do so, and permits his employee to select the doctor, and then, several days afterwards, demands that the employee discharge his doctor and go to one selected by him (the employer), the employee is fully within his legal rights in refusing to do as requested, and the charges for medical services which have been rendered him are a legitimate charge against the employer and will be so considered by the Industrial Accident Commission. The same rule will hold as to the liability of the insurance carrier, where the employer is insured against industrial accidents.

If a dispute arises over the matter of the amount of medical charges, the Industrial Accident Commission has jurisdiction only under certain circumstances. In general, it can not assume jurisdiction over medical contracts any more than it can assume jurisdiction over other kinds of contracts, and it is, therefore, necessary under all circumstances, with one exception, for the doctor to collect his fees from the party who employed him. If he has been ordered by the employer to treat an injured employee, then he must look to the employer for his fees, and he can not lay any controversy relative to said fees before the Commission for adjudication. If he has been employed by the injured workman without the consent of the employer or without the employer having neglected or refused to provide medical services, then he must look to the injured employee for his fees, and the Industrial Accident Commission can not assume jurisdiction in case of controversy, except to determine a claim for lien upon compensation payments. If the injured employee feels himself aggrieved and considers that the employer should pay the medical expenses, he (the employee) can lay the matter before the Industrial Accident Commission for adjudication. The doctor, however, can not apply to the Commission for a settlement under such circumstances. If, on the other hand, the doctor has been called in by the injured employee with the consent of the employer or after said employer has refused or neglected to provide medical services, then the doctor must look to the employer for payment. If the employer refuses to make the payment requested, the physician is entitled to lay his claim before the Industrial Accident Commission and it will assume jurisdiction in the matter and adjudicate the controversy.

Regardless of circumstances, if the doctor has been employed by the injured workman and if the injured party be receiving compensation from his employer, the doctor may apply to the Industrial Accident Commission for a lien against the employee's compensation, said lien covering the reasonable charges for the services rendered.

Thus it is possible for the doctor to make application to this Commission, first, where he is desirous of securing a lien against compensation which is being paid to an injured employee, and second, where he has been engaged by the injured employee with the consent of the employer or after the employer has refused or neglected to provide medical services as required by law.

If the employer or the employee should begin an action before this Commission relative to compensation, this Commission would take into consideration the question as to whether or not medical benefits should be paid by the employer or the employee. In making its award, it follows a Fee Schedule which it has adopted for that purpose. This Fee Schedule has been approved, and is at the present time being used by the insurance companies of this state, as well as by the State Compensation Insurance Fund. If the bill of the physician is for a sum larger than that which is allowed by the Fee Schedule or larger than that made by the award of the Industrial Accident Commission, it is possible for him to proceed by means of a

Digitized by Google

suit at law against the person who has engaged him, for the purpose of collecting the balance due him. Over such suits for damages, the Industrial Accident Commission has no jurisdiction. Fee Schedule may be obtained by writing to the Commission.

THE POLICY OF THE INDUSTRIAL ACCIDENT COMMISSION IN RELATION TO SYPHILIS.

The policy here outlined is intended to serve as a guide and can not be considered as binding in all cases of syphilitic infection.

After some years of experience, the reading of much medical testimony and consultation with medical authorities, the Commission has reached the following conclusions in relation to syphilitic complications with other injuries:

1. In cases of ordinary fractures, contusions and bruises the existence of a syphilitic infection does not, commonly, complicate the issue at all seriously and does not result in any substantial prolongation of disability. In such cases the complication of syphilitic infection will be ignored.
2. But in cases where the syphilitic infection results in tabes dorsalis or paresis it will be the policy of the Commission to limit the liability to such temporary, or other disability, as would probably have resulted from the injury if there had been no syphilitic infection, and for the reason that the diseases above mentioned are constitutional and never the result of injury, but always consequent upon syphilitic infection.

It is the purpose of this Commission to hold the industry responsible for so much of disability as such industry can reasonably be held responsible for, but there is no industry that should be held responsible for tabes dorsalis, paresis or spontaneous fracture of the bone.

The Commission invites the co-operation of all parties in the furtherance of this policy.

WORKMEN'S COMPENSATION LAWS OF CALIFORNIA.

Chapter 176, Statutes 1913, as amended by Chapter 586, Statutes 1917.
*Chapter 667, Statutes 1915, as amended by Chapter 73, Statutes 1917.

SEC. 2. Subdivision (4) defining "injury."

SEC. 9. Medical treatment shall be furnished or paid for by the employer and further prescribes for (*a*) change of physicians, (*b*) consulting physician, (*c*) employers hospital; (*d*) does not limit the right of employee to provide, at his own expense, a consulting physician or any attending physician whom he may desire.

SEC. 10. Commission is empowered to determine adequacy of hospital and facilities supplied by employer or organization of employees. If determined inadequate employees may obtain treatment elsewhere under specified conditions.

SEC. 11. Refusal to submit to medical treatment.

SEC. 16. Employee receiving compensation shall submit to examination by practicing physician provided by employer, as well as one selected by the commission. Failure to submit to such examination is penalized. Physician acting as examiner required to report and testify.

SEC. 24. Subdivision (2), reasonable expense of injured employee as defined in subsection (*a*) of section 9 hereof.

SEC. 39. Prescribes form of report and information to be furnished.

SEC. 53. Every physician attending injured employee is required to file a report in form and detail prescribed by the commission. Refusal or failure so to do constitutes a misdemeanor punishable by a fine of not less than $10.00 nor more than $100.00 for each offense.

*Employers who provide hospital service and make a charge therefor to keep record of charges; to file annual written report; requiring reasonable charge and devoted to no other purpose and prescribing penalties.

A doctor must collect fees from the party who employed him. Claims may be adjudicated before the commission. A fee bill may be obtained from Industrial Accident Commission, 525 Market street, San Francisco.

REGULATION OF THE PRACTICE OF DENTISTRY IN CALIFORNIA.

Definition. Chapter 426, Statutes 1915.

SEC. 11. Any person shall be understood to be practicing dentistry within the meaning of this act who shall (1) by card, circular, pamphlet, newspaper, or in any other way advertise himself as a dentist, or (2) who shall, for a fee, salary or reward, paid directly or indirectly either to himself or to some other person, perform an operation of any kind upon, or treat diseases or lesions of the human teeth or jaws, or correct malimposed positions thereof, or (3) in any way indicate that he will perform by himself or his agents or servants any operations upon the human teeth or jaws, or (4) make an examination of, with intent to perform or cause to be performed any operation on the human teeth or jaws, or (5) who manages or conducts as manager, proprietor, conductor, or otherwise a place where dental operations are performed; but nothing in this act contained shall prohibit bona fide students of dentistry from operating in the clinical departments or the laboratory of a reputable dental college, or an unlicensed person from performing merely mechanical work upon inert matter in a dental laboratory or a licensed physician from practicing oral surgery.

Annual tax.

To provide a fund for the enforcement of the provisions of this act every person holding a license to practice dentistry in this state without exception shall pay an annual license tax for the year commencing with the first day of May next following the issuance of such license and annually thereafter. Such payment to be effective shall be made prior to the commencement of the year for which the same accrues and the receipt of the secretary of the board shall be indispensable evidence that the same has been made. The failure, neglect or refusal of any person who was a regularly licensed dentist to pay in advance said annual tax of two dollars during the time his or her license remained in force, shall *ipso facto* work a forfeiture of his or her license, and it shall not be restored except upon a written application therefor and the payment to said board of twenty-five dollars, except that such person shall not be required to submit to any examination.

---

a. **Re Narcotics.**

FEDERAL REGULATIONS.

Sec. 1 of the act of December 17, 1914, effective June 1, 1916:

Every person, partnership, association, company or corporation must on or before July 1 annually register with the collector of the district and pay a fee of $3.00 per annum.

Record of distribution of drugs must be kept on file.

Persons practicing more than one profession must pay a separate tax for each.

Physicians, dentists or veterinary surgeons prescribing narcotics must pay the tax even though no drug be in their possession.

Government officials exempt except when engaged in private business or practice of a profession, when tax must be paid.

"*Only those persons lawfully entitled to deal in narcotic drugs, or holding a license issued by the state authorizing them to administer, dispense or prescribe drugs, including narcotics, in the practice of their profession are eligible for registration.*"

Failure to register and pay the tax on or before July 1 annually or on *commencement* of practice is penalized by a 50% penalty in addition to a special tax and the penalties imposed by Sec. 9 of the act.

Application forms must be properly executed "*with affidavit that the applicant is authorized by law to engage in the business or profession specified,* and for which registration is desired."

Purchase and receipt of narcotics must be recorded on forms prescribed and kept on file for two years.

Physicians must keep a record of all drugs distributed or administered in their office and of such drugs as are left with any person or patient to be taken in his absence.

Digitized by Google

Drugs personally administered by a physician away from his office are exempt from record.

Record of date of compounding stock solutions for office use must be kept.

Physicians can not sell narcotics unless he be a registered dealer.

Nurses are not permitted to register and can only have narcotics in their possession when under the *direct* supervision of a physician, dentist or veterinary surgeon.

Veterinary surgeons can not prescribe narcotics for human beings unless licensed as a physician, in which case he must have a registration for each.

Prescriptions for narcotics must show the name and address of the patient, date, name and address of physician, and his registry number. Copy must be filed for two years.

Refilling of prescription is prohibited.

Prescriptions can not be filled on telephone order.

Collectors of internal revenue may visit premises when there is reason to believe that drugs are stored or the provisions of the act not being obeyed.

All records must be produced on request of the representative of the collector of internal revenue.

WAR REVENUE LAWS AND THE DISPENSING OF ALCOHOL BY PHYSICIANS.

(From the Journal of the American Medical Association (Chicago) Issue of December 22, 1917.)

Under the War Revenue Act of October 3, 1917, which went into effect December 1, 1917, hospitals, sanatoriums and physicians who use alcohol for nonbeverage purposes are required to file a bond and obtain a permit from the revenue authorities. This law is being administered in connection with the FOOD CONTROL ACT of August 10, 1917, and applies to every one handling alcohol. Heavy penalties are provided for noncompliance with or violation of the law. Physicians should make themselves conversant with the requirements if they have not already complied with the law. Druggists may not sell to physicians, hospitals or sanatoriums, nonmedicated alcohol unless the physician, hospital or sanatorium has filed the required bond and obtained a permit. Druggists may, however, sell alcohol to physicians for the general public in any quanitty up to 1 pint provided it is rendered nondrinkable by a prescribed proportion of the following substances: phenol, formaldehyde, mercuric chlorid, hydrochloric acid, tannic acid, alum, lysol or liquor cresolis compositus. A druggist having a permit may fill a physician's prescription or a physician with a permit may dispense prescriptions containing alcohol provided the prescription contains other drugs sufficient to render the alcohol unfit for beverage purposes. To be able to purchase nonbeverage alcohol, physicians, hospitals and sanatoriums, must in addition to having filed the bond and obtained the permit, order such alcohol on a form prescribed by the law. The penal sum of the bond must equal $3 for each proof (50 per cent) gallon of alcohol expected to be on hand or in transit at any one time. The bond must be that of a surety company, or a personal bond signed by two sureties approved by the collector of internal revenue, or may be a personal bond secured by a deposit of liberty or other government bonds. More complete information may be obtained from the district revenue officers.

Alcohol, U. S. P.

Every physician who wishes to buy alcohol U. S. P. for his own use must obtain a permit from the U. S. Internal Revenue Office, file a bond and state in his application blank for what purpose he intends to use the alcohol. This applies whether it is for washing his hands, for preparing stains for laboratory use, or for any other purpose for which it is desired to use grain alcohol without having it medicated or in some manner denatured.

A physician can not purchase more than one pint of alcohol that has been medicated without obtaining a permit.

Permits will not be issued to retail dealers, nor to any other dealer who sells beverage spirits. Pharmacists and other retail dealers can obtain such permits.

The government has given out ten formulas with which alcohol can be medicated and dispensed upon prescription. This does not apply to the usual pharmaceutical preparations such as tinctures, etc. If it is desired to prescribe grain alcohol for external use it must be medicated according to some one of the ten formulas.

Physicians desiring information upon the formulas can obtain the same by telephoning their druggists. When in doubt communicate with your druggist.

BOARD OF MEDICAL EXAMINERS.

ANNUAL REPORT OF THE SECRETARY-TREASURER.

SACRAMENTO, CALIFORNIA, January 1, 1919.

Hon. WILLIAM D. STEPHENS,

Governor of the State of California,

Sacramento, California.

YOUR EXCELLENCY: In conformance with section 2 of the Medical Practice Act, Charles B. Pinkham, M.D., Secretary-Treasurer of the Board of Medical Examiners, respectfully presents for your consideration, a resume of the activities for the year 1918 of this department of the state government; a year made historic in that it marked the end of that titanic holocaust which, for the past four years, has decimated the enlightened nations of the world.

California's War Governor can well be proud of the valorous achievements of the sons and daughters of our glorious state in the manifold activities of the co-related war work, and the Board of Medical Examiners points with pride at the list of some 1,300 residents, licensed to practice in California, who are recorded as commissioned in government service.

The personnel of the Board of Medical Examiners was represented as follows:

Major H. C. Loos, Captain H. V. Brown and Captain A. M. Smith enlisted in the Medical Corps; President P. T. Phillips served continuously as a member of District Exemption Board, Division 2, of Northern California; Dr. H. E. Alderson, member of Draft Board 11, San Francisco, Consultant Specialist Letterman Hospital, and instructor at Students Army Training Camp; Dr. Wm. R. Molony, Examiner Draft Board No. 11, Los Angeles; Dr. C. B. Pinkham, member State Committee, Medical Section Council of National Defense.

With profound sorrow and with expression of condolence to those who are bereaved, we record the names of California licentiates in government service, who made the supreme sacrifice and are listed as having died in the line of duty:

Beasley, Major Shadworth O., San Francisco.
Breitling, Lieutenant C. J., Los Angeles.
Burton, Captain Henry C., Los Angeles.
Fanton, Lieutenant C. D., Riverside.
Johnson, Captain Walter S., San Francisco.
McGuffin, Lieutenant Robert K., Los Angeles.

Digitized by Google

Shedd, Lieutenant Clyde E., San Francisco.
Thorpe, Captain Harvey L., Los Angeles.
Tredway, Lieutenant Edward E., Pasadena.
Welin, Lieutenant Albert F., Rio Vista.

MEETINGS.

Three meetings of the board were held during the year 1918 as follows: Los Angeles, February 18 to 21; San Francisco, June 24 to 27; Sacramento, October 21 to 24; each meeting requiring the constant day and night attendance of each member of the board for deliberation on problems as presented by the calendar, for the conduct of examinations, and for the hearing of testimony on revocation matters, etc.

DIRECTORY.

Section 2 of the act provides that the board shall publish a directory and in accordance therewith the board published the first edition containing the names of 6,297 licentiates who had paid the annual tax for the year 1918. The first edition presented an unexpected demand for clerical energy in handling the vast inflow of $2.00 payments that came pouring in at the rate of several hundred per day, each to be checked against the record of licentiates, that payment might not be accepted from a non-licentiate. In the instance of those using only initials and having the same family name, accurate check was necessary to insure credit to the right individual.

Correction of "proof" submitted by the State Printing Office also exacted accurate check, requiring arduous and consistent labor. Only those who have had experience in such detail can appreciate the care requisite to insure accuracy, particularly in the insignificant detail of watching the changes of address, a task magnified by war conditions with consequent rapid changes following assignment in government service. Licentiates commissioned in the Medical Corps who fail to retain a permanent "home" address, present a serious problem in directory compilation; however, we believe the situation is well in control through the use of individual stencil addresses subject to immediate change on notification. These stencils, now approximately 7,000, are invaluable for immediate service in addressing notices to licentiates and will prove a source of income to the board inasmuch as the list is available at 50 cents per 100 to anyone who may apply for service.

A supplement to the directory was printed on September 28, 1918, listing 390 names of those whose licenses had become active since the publication of the first edition. A government service list of 1,246 names of licentiates of California also appeared in the supplement, a copy of which was mailed to the last-known address of each individual recorded as having paid the annual tax of 1918. In addition to the names

Digitized by Google

appearing in the original directory and supplement thereto, there are a considerable number listed as having paid the annual tax since the last issue as well as a number whose certificates are dated subsequent to September 26, 1918.

ANNUAL TAX.

The $2.00 per capita annual tax payable by all licentiates of the state of California, has proven most serviceable in determining those still in active practice, keeping all such in close touch with the board and in addition affords a boundless source of information relative to violators of the act.

Less than 2 per cent of the licentiates listed in prior directories are listed as "delinquent" through failure to pay the $2.00 tax within sixty days after January 1, 1918. Many on the list of delinquents have been reported as "deceased" on which no check was possible prior to the imposition of the annual registration fee.

In the instance of many licentiates who claim their delinquency to be due to failure to receive any notice, we find in our possession a record card originally distributed with a notice of the tax and later returned to our files, offering silent testimony that the specific individual received the original notice of the tax.

Although section 2 does not require the board to mail tax notices to licentiates, due diligence was exercised in an endeavor to serve notice of the 1918 tax, by mailing a preliminary notice in July, 1917, and a supplemental notice in the latter part of November and early in December of 1917. In addition thereto notices appeared in the June, August and December, 1917, issues of the California Journal of Medicine, and other medical journals published in California, including the Bulletin of the Los Angeles County Medical Society. The Journal of the American Medical Association of August 25, 1917, page 657, also published notice of the annual tax, thus providing for the dissemination of the information throughout the United States.

The pharmacy and dental acts of the state of California each provide for annual registration fee payable by their licentiates and exact a penalty fee of delinquents heavier than the Medical Act, payable as a requisite to the restoration of the certificate.

A constantly increasing number of states are incorporating in their medical act a provision for the imposition of an annual tax or registration fee, fully cognizant of the benefits emanating from the resultant closer correlation of interests, a fact long since determined by the various fraternal, social and industrial organizations throughout the world.

The experience of the first year of the tax clearly pointed the way to standardization of method with resultant efficiency in the handling of the 1919 tax.

APPLICATIONS AND CERTIFICATES.

The Medical Act specifies requirements for the issuance of the following classes of certificates for which the proper application must be filed with the board two weeks prior to a meeting:

Sec. 8.

(a) Physicians and Surgeons (Class A)
(b) Drugless Practitioner (Class BB)
(c) Chiopody (Class E)
(d) Midwife (Class F)

Sec. 12. Physicians and Surgeons Certificate issued on "Army, Navy or Public Health" credentials (Class F).

Sec. 12½. Physician and Surgeon Certificate issued to the holder of a certificate to practice Osteopathy in California after an oral, practical or clinical examination (Class AB).

Sec. 13. Physicians and Surgeons Reciprocity Certificate (Class C); Osteopathic Reciprocity (Class CB); Drugless Practitioner Reciprocity (Class CBB); Chiropody Reciprocity (Class CE); Midwife Reciprocity (Class CF).

The Medical Act exacts specific standards of preliminary, pre-medical and professional education for each class of applicant. In addition thereto under section 13, each applicant must show a specific standard of licensure, combined with one year residence in the state used as the basis of the application. The specific requirements appearing in the act for each class of application, necessitates voluminous correspondence with applicants, particularly on the question of reciprocity, frequently approximating forty daily letters with inclosures of application and information blanks.

During the year 1918 applications have been filed as follows:

A	AB	BB	C	CB	CBB	D	E	F	Fx	Total
202	29	12	176	10	3	2	12	24	43	513

APPROVAL OF SCHOOLS.

The Medical Act contains a most wise provision requiring that an applicant for any form of certificate must be a graduate of a school "approved by the board," thus insuring the board the power of supervision over the equipment and teaching facilities offered by any institution matriculating students for the regular course of study to qualify for the diploma issued by such school.

The present California statutes offers no safeguard adequately regulating the issuance of a charter to a group of individuals, granting the legal authority to confer a degree of doctor of medicine, osteopathy, chiropractic, naturopathy, eclectic-chiropractic, electro-therapy or others

Digitized by Google

of the fourteen or more drugless cults. The legislature in its wisdom enacted the clause, "approved by the board," thus providing a means whereby the board might exact a satisfactory standard of education of applicants for a certificate but has not provided that same protection in the supervision incident to the issuance of a charter granting the authority to conduct a school to teach some system of the healing art, and as a consequence affords no protection to the individual student who might be lured by deceptive literature and glittering promises, to spend time and money in an institution chartered by the state, yet devoid of particular merit; however, the clause "approved by the board" curbs the activities of the unscrupulous who aspire to enrich themselves by granting degrees without the exaction of attendance, without adequate equipment or without teaching personnel.

We strongly urge that the forthcoming legislature enact some measure which will provide regulatory supervision over the chartering of institutions incorporated for the purpose of teaching any system of the healing art in California.

COMMITTEES.

The minutes of the board show that its various committees have held many important meetings during the year 1918.

(*a*) *The College Investigation Committee* has been confronted with weighty problems in its endeavor to urge higher ideals and educational standards in the conformance with the requirements of the act, always approaching with the spirit of tolerance in its efforts to aid.

At the commencement of the year 1918 California supported five medical schools in the north and two in the southern part of the state, each approved by the board as qualifying applicants for an examination for a Physicians and Surgeons certificate.

The declaration of war, followed by the induction into government service of the younger men of the student body of the various medical teaching institutions, as well as the enrollment of many of the faculty in the Medical Corps, made such inroads on personnel that the College of Physicians and Surgeons of San Francisco and the Oakland College of Medicine found it advisable to close their doors for the period of the war.

Hahnemann Medical College of the Pacific ceased its existence as a separate medical teaching institution in May of 1918 following the perfection of an amalgamation with the University of California whereby a chair of homeopathy is now established as a part of the curriculum of the University of California Medical School.

The College of Osteopathic Physicians and Surgeons of Los Angeles was also listed as approved by the board for admission of its graduates

Digitized by Google

to the written examination for a Physicians and Surgeons certificate during the period June 5, 1915, to August 1, 1918; however, at the February, 1918, meeting and effective August 1, 1918, the institution was stricken from the list of schools approved by the board as qualifying applicants for a Physicians and Surgeons certificate, their graduates thereafter being eligible for examination for a Drugless Practitioner certificate after the June, 1919, meeting.

The Pacific Medical College located in Los Angeles, an institution which has never appeared on the list of "schools approved by the board," nor have its graduates *per se,* been recognized by this or prior Boards of Medical Examiners in California, disincorporated during the spring of 1918.

(*b*) *The Credential Committee* meets two weeks prior to each meeting of the board, passes on the various applications then filed, and submits its report to the board for final determination. This committee is in session the greater part of one entire day and whenever an unusually large number of applications are filed, the session continues the following day.

(*c*) *The Review Committee* is called as soon as the examiners have filed their report or tally sheets whereon they tabulate the percentage in specific subjects attained by the applicant, known throughout the examination and sequella, by a number only. The percentages tabulated on each tally sheet are then transferred by the secretary into the record book, thus insuring permanency of record. As soon as the tally is completed, the members of the Review Committee open the envelope containing the names of the various applicants and inscribe the name as appearing inside the sealed envelope, to the corresponding number as entered on the record book.

At each regular meeting of the board various applicants who have failed to receive a passing grade file requests for a review of their answers to prior examination questions and a special review committee is then appointed for the purpose of re-reading the answers and discussing said answers with the board while in session that each examinee may be assured of a fair and impartial consideration.

(*d*) *The Legal Committee* of both North and South are frequently in session, consulting with the attorney and special agent in reference to cases which present unusual problems or on matters pertaining to citations, revocations, appeals, etc.

(*e*) *The Finance Committee* is constantly active in its watchful supervision over the expenditures of the board and has established a budget system regulating the expenditure for the legal and investigation departments. The practical efficiency of the system has been manifestly demonstrated during the year just closed.

Digitized by Google

(*f*) *The Reciprocity Committee* has labored with the problem of securing recognition for California licentiates by the board of examiners of other states with varying success. The majority of states seem coy about signing a reciprocity contract with California; however, the Book of Laws and Abstract of Board Rulings (1918) published by the American Medical Association advises that practically eighteen states will extend return courtesies to California in the acceptance of licentiates on a reciprocity basis.

The tide of reciprocity applicants flows to California and the secretary of the California board is but seldom requested to endorse a California licentiate to another state on a reciprocity basis. During 1918 California licentiates have requested endorsement of reciprocity applications to the following states:

Michigan	2
Ohio	2
Oregon	1
Pennsylvania	1
Utah	1
Washington, D. C.	1
Total	8

EXAMINATIONS.

At each of the three meetings held during the year 1918, examinations for all classes of applicants were conducted in the subjects enumerated in the act, for specific applicants. Each class-group required a special set of examination questions except in the subjects of anatomy, physiology, obstetrics and hygiene, all of which are given conjointly to applicants for a Physicians and Surgeons certificate as well as for a Drugless Practitioner certificate. Reverting to the four classes of applicants for a written examination, heretofore mentioned under the title of "application and certificates," it is evident that the examiners in some subjects must prepare four sets of questions on a specific subject. To add to the complexity, each group of questions must further be translated into a foreign language should any applicant so request. At the June, 1918, meeting the board was confronted with the problem of conducting in the same room at the same time:

(1) An examination for Physician and Surgeon certificate in (*a*) English, (*b*) Japanese, (*c*) Spanish; (2) an examination for Drugless Practitioner certificate in English; (3) an examination for Chiropody certificate in English; (4) an examination for Midwife certificate in Japanese.

Certain of the Japanese applicants thereafter entered into a conspiracy with the translator, Mr. Thomas Nacayama, appointed by the board on the recommendation of the Japanese Consul, whereby Nacayama, for a specific sum of money, was to receive from the applicants

Digitized by Google

in the plot a supplemental set of answers to the questions propounded at the examination. The co-conspirators had arranged to write the supplemental answers at their leisure at a time subsequent to the regular examination, after reference to textbooks on the subject. The supplemental answers were then forwarded by the co-conspirators to Nacayama, then presumably engaged in the translating of the answers as written in the examination rooms. It is alleged that Nacayama then translated the supplemental answers, returning such translation to the board as the correct translation of the *original* answers. Board members in Los Angeles discovered the deception, an investigation by our Special Agent followed, resulting in the arrest of Nacayama who, in three written confessions, disclosed the details of the plot. The post-office authorities afforded the active support of their department, resulting in the arrest of Nacayama and six co-conspirators, namely:

Haruki, Rinhei	Sacramento, California
Hayashi, Tetsu	Berkeley, California
Nakahara, Buichi	Los Angeles, California
Ochiai, Masao	San Francisco, California
Suzuki, Matsuya	Vacaville, California
Watanabe, Etsuzo	Sacramento, California

As the disclosures developed, Dr. Suzuki of Vacaville, mentioned in Nacayama's confession, died suddenly and is reported to have suicided, while Nakahara, one of the June applicants arrested after the confession of Nacayama, committed suicide in Los Angeles shortly after his release on bail.

The cases of Nacayama and the other defendants are now pending in the federal courts in San Francisco.

The development of the details of the plot resulted in a feud among the Japanese, particularly in Los Angeles, where it is alleged one Japanese licentiate accused by his countrymen of being an informant to the Board, has been shot at on two occasions and is constantly attended by a bodyguard. It is reported to be practically impossible to obtain one who can be relied upon to correctly translate the papers written by Japanese applicants at the June meeting or to act as interpreter, owing to the bitter feud now raging. The Japanese Consul in San Francisco recently expressed uncertainty as to his ability to secure the services of one competent to translate the examination papers written in the Japanese language. We are informed by the Department of Oriental Languages, University of California, that there are not more than three Caucasians in the United States competent to translate the written examination answers from Japanese to English.

Nor are our difficulties solely confined to the Japanese language, for the applicants writing in the Spanish language at the June meeting contend that the translation was not written to their satisfaction.

Digitized by Google

The Board of Medical Examiners are unanimous in their conviction that examinations written in other than the English language are impractical and strongly urge that this particular provision be stricken from the act.

The written examination records for the year 1918 are as follows:

	Passed	Failed	Pending, Japanese	Total	Per cent passed	Per cent failed
February	51	19		70	72.8	27.2
June	133	33	10	175	76	24
October	15	10		25	60	30
	199	62	10	270	73.7	26.3

Certificates Issued During the Year 1918.

Class A	Physicians and Surgeons (written examination)	174
Class AB	Physicians and Surgeons (oral examination)	37
Class BB	Drugless Practitioner (written examination)	11
Class C	Physicians and Surgeons (reciprocity)	146
Class CB	Osteopathic (reciprocity)	8
Class CBB	Drugless (reciprocity)	2
Class D	Physicians and Surgeons (army, navy credentials)	2
Class E	Chiropodist	10
Class F	Midwives	8
		398
Class Fx	Midwives—on credentials	77
	Total certificates issued	475

APPLICANTS UNDER SECTION 12—ARMY, NAVY OR PUBLIC HEALTH SERVICE.

The discharge of officers of the Medical Corps has been productive of a material increase in those requesting information regarding the acquisition of a California license under the provisions of section 12. An applicant thereunder who gained his commission after passing an examination equal to the examination exacted by California on the same date, is eligible. Failing to show such a standard, the applicant is afforded an opportunity to gain a certificate through the provisions of section 13 (reciprocity) or through the provisions of sections 9, 10, 11.

RECIPROCITY.

During the period from August 1, 1901, to August 10, 1913, there was no provision whereby applicant could gain a Physicians and Surgeons certificate in California except he either passed a regular written examination or during a portion of the period mentioned, presented satisfactory credentials based on a commission in the Medical Corps of the Army or Navy. Since August 10, 1913, when the present Medical Practice Act became operative, section 13

Digitized by Google

thereof has provided for the issuance of either a direct reciprocity certificate or a reciprocity certificate issued after passing an oral, clinical, practical, examination, depending on the credentials presented by the applicant.

Section 13 of the Medical Act provides for the issuance of a reciprocity certificate. This so-called reciprocity section is distinctly indigenous to California in that it provides for the acceptance of the holder of a license issued by some other state without exacting that such sister state shall extend a similar courtesy to licentiates of California.

California offers no bar to qualified practitioners who meet the requirements of our Medical Act. Truly a broad-gauge policy, yet so safeguarded that the undesirable of questionable repute may be denied recognition.

A constantly increasing group of licentiates have been admitted from the state of Iowa despite the refusal of her Board to offer reciprocity recognition to California licentiates and the persistent refusal of her secretary to endorse the applications of a licentiate of Iowa who seeks a reciprocity certificate admitting him to practice in California. The California board holds that the negligible action of the officers of any state board should not act as a bar to the recognition of any duly qualified and reputable practitioner.

A heavy demand on the time of board members is exacted at each meeting by the oral examination of reciprocity applicants who file an application based on a certificate issued by some sister state prior to August 1, 1901, the regular daily session of the Board thereby frequently being prolonged far into each night and whenever there is an unusually large list of applicants, it becomes necessary to prolong the meeting to include the fifth day and night.

Since the reciprocity feature has been operative, the California board has issued 1,119 reciprocity certificates granting physicians licensed in other states, the privilege of practice in California.

Reciprocity certificates during the year 1918 have been issued in the following numbers: (C) Physicians and Surgeons, 146; (CB) To practice Osteopathy, 8; (CBB) Drugless, 2; total, 156.

Thirty-five reciprocity certificates have been granted after oral examination during the year 1918.

Extraneous, perhaps, to the consideration of reciprocity, but pertinent to the question of a high standard of licensure, leads us to mention the desirability of amending the Medical Practice Act of California to legalize recognition of a certificate issued by the National Board of Examiners. Applicants for examination by the National Board must file credentials showing preliminary, pre-medical, medical and hospital

Digitized by Google

training of the highest order, and thereafter must pass a most rigorous both written and oral, practical, clinical examination of several days duration.

The majority of states are amending their laws that recognition of the license issued by the National Board is recognized by the issuance of a certificate legalizing practice in the specific state.

LEGAL DEPARTMENT.

Citations—Hearings—Revocations.

Section 14 provides that licentiates may be cited to appear before the board to answer a charge of "unprofessional conduct" as defined in any of the eighteen subdivisions of that section.

At each meeting of the board an entire day is devoted to legal hearings, the session frequently continuing until midnight and occasionally including a portion of the following day. Each hearing requires the constant and undivided attention of at least seven members of the board, inasmuch as section 4 provides that it shall require the affirmative vote of seven members to "carry a motion or resolution, to adopt any rules, to pass any measure or issue any certificate." The Legal Book of the board shows the disposition of the following cases based on citations issued under the various subdivisions of section 14:

Digitized by Google

Cases Based on Citations.

Name	February	June	October
Baker, Chas. Rinhold, M.D.			Restored.
Calhoun, J. S., M.D.			Continued to next regular meeting.
Card, W. S., M.D.	Revoked	Second charge continued to October.	Continued to next regular meeting.
Chamles, S. R., M.D.	Restoration of cert. denied.		
Clarke, Fisher R., M.D.	Dismissed.		
Davis, C. H. A., D.O.			Dismissed.
Duncan, Franklin, M.D.			Judgment suspended to June, 1919 meeting.
Gayner, Katherine, N.D.			Dismissed.
Glass, Thos., M.D.	Revoked.		
Harris, Donald E., M.D.			Continued, June, 1919.
Hegyessy, Jas., D.O.		Revoked	
Hickok, Galen, N.D.		Quashed	No service of citation; dismissed.
Jacobsen, Mose, M.D.	Revoked.		
Jordan, Fisher, M.D.		Revoked.	
Kleeman. Geo. E., M.D.			Continued, June, 1919, meeting.
*Kroetz, Mary, M.D.		Revoked	Request for restoration deferred. Writ of review pending.
Mizner, Wm. G., M.D.	Dismissed.		
Northcott, Ephriam, M.D.		Continued to 1920 annual meeting.	
O'Connell, R. C., M.D.		Dismissed.	
O'Donnell, Geo., M.D.		Revoked.	
Owen, Wm. R., M.D.		Revoked.	
Rice, E. J., M.D.	Dismissed.

VIOLATIONS OF THE ACT.

For the purpose of safeguarding the public against the unscrupulous that prey upon the credulous, the board maintains an investigation department in both the North and South, each in charge of a special agent, each of whom has operators constantly at work to discourage violations of the Medical Act. The incredible tales of the methods used by the "vampires" harbored in the offices of the so-called "men's specialists" are appalling and this board views with pride the heroic labors of the legal and investigation department in successfully closing the waxworks museums as well as the men's specialists offices, which for so many years flourished in both San Francisco and Los Angeles. Only eternal vigilance will keep them closed, for men formerly conducting some of these institutions still hover about, ready at any moment to open this most profitable game of fleecing the unwary.

During the year 1918 a sporadic attempt to "open at the old stand" in San Francisco was nipped in the bud by our efficient legal department.

The majority of district attorneys in small communities are "lukewarm" on the question of prosecuting violators of the Medical Act, nor has the Board the privilege of dispatching a special prosecutor to lend his aid in actively prosecuting violators of the Medical Act in a specific locality, except by approval of the Attorney General, secured only after a showing that the district attorney is unable to handle the case.

REPORTS.

Annual report of the legal department for southern California for the year ending December 31, 1918:

Cases for Violation State Medical Practice Act Pending January 1, 1918.

Name of case	Disposition
Campbell, Verner A.	Dismissed.
Foy, R. C. (Santa Barbara)	Dismissed.
Lewis, B. A.	Convicted; $300 or 150 days; served 4 days in county jail; paid $294, balance of fine.
Porter, Ella (San Bernardino)	Dismissed.
Richardson, A. W.	Pending; defendant not apprehended.
Smith, N. C. B. (Riverside)	Dismissed.
Steffins, P. C.	Pending; defendant not apprehended.

Digitized by Google

Cases Initiated Between January 1, 1918, and December 31, 1918.

Name of case	Disposition
Abe, Sosuke	Guilty; $100 and 100 days; fine paid; jail sentence suspended.
Aycock, Chas. F.	Guilty; 180 days; sentence suspended 2 years.
Batdorf, J. W.	Guilty; $200 or 90 days; pending on appeal.
Bin, Tom Shee	Dismissed; convicted in another case.
Bin, Tom Shee	Guilty; $350 and 180 days; pending on appeal.
Bruder, E. A.	Bail forfeited, $250; defendant not apprehended.
Cardenez, Pompeo	Guilty; 60 days; suspended two years.
Chan, G. S.	Guilty; $250 or 100 days; fine paid.
Chan, G. S.	Dismissed; convicted in another case.
Chan, G. S.	Guilty; $250 or 180 days; fine paid.
Chan, H. T.	Guilty; $100 or 100 days; fine paid.
Ching, H.	Pending.
Chung, H.	Guilty; $250 and 180 days; fine paid; jail sentence suspended two years
Coats, Mrs. E. W. (San Diego)	Held to answer to superior court for trial; final disposition not reported.
Diamond, J. C. (Long Beach)	Guilty; probation two years.
Dominguez, Armando (Chino)	Pending; defendant not apprehended.
Donovan, Donald	Dismissed; insufficient evidence.
Donovan, Donald	Guilty; $200 or 100 days; fine paid.
Ellsworth. J. E. (Pasadena)	Guilty; probation two years.
Fong, Ruckiss W.	Guilty; $100 or 100 days; the records show this sentence to have been suspended.
Foote, A. M.	Guilty; $300 or 100 days; appeal pending.
Garza, Joaquina	Guilty; $500 or 180 days; sentence suspended two years.
Gilkerson, J. K.	Pending; off calendar.
Green, Georgia (San Diego)	Discharged at preliminary examination.
Hiroto, H.	Guilty; $100 or 100 days; appeal pending.
Hook, Charlie	Guilty; $200 or 100 days; judgment affirmed on appeal.
Hook, Charlie	Guilty; $100 or 100 days; fine paid.
Howell, S. J.	Dismissed; war service overseas.
Jackson, M. J.	Dismissed; insufficient evidence.
Jones, E. E. (Santa Barbara)	Guilty; $250 or 125 days; defendant committed to jail.
Lanterman, Roy S., M.D.	Guilty; 100 days; sentence suspended two years.
Leung, T.	Guilty; $500 or 180 days; appeal pending.
Leung, T.	Dismissed; convicted in another case.
Leung, T.	Dismissed; convicted in another case.

Bin, Tom Shee	Pending.
Foote, A. M.	Pending.
Hiroto, H.	Pending.
Hook, Charlie	Conviction affirmed. Judgment of lower court executed.
Leung, T.	Pending.

I am pleased to state to the Board of Medical Examiners that as a result of the vigorous efforts on the part of the legal and investigation department for southern California, appreciable headway has been made in the crusade against all kinds of illegal medical practice, and that the number of illegal practitioners of all classes has been correspondingly decreased. However, notwithstanding the vigorous efforts of this department for the past year, there is much to be done this coming year. The southern part of the state, for many reasons which need not be mentioned, is a field well suited to the quack, charlatan, and faker of every class, and it will therefore require the vigorous efforts of a comparatively large staff in this department to bring this class of crime down to its minimum, and thus to afford the public the greatest possible amount of protection from these nefarious practices.

Respectfully submitted.

(Signed) H. J. CASTELLAW,
Special Agent.

THE "STATE MEDICAL PRACTICE ACT" OF CALIFORNIA.

An act to regulate the examination of applicants for license and the practice of those licensed, to treat diseases, injuries, deformities, or other physical or mental conditions of human beings; to establish a board of medical examiners, to provide for their appointment and prescribe their powers and duties, etc., approved June 2, 1913; amended April 24, 1915; amended April 11, 1917.

Board created.

SECTION 1. A board of medical examiners to consist of ten members, and to be known as the "board of medical examiners of the State of California," is hereby created and established. The governor shall appoint the members of the board, each of whom shall have been a citizen of this state for at least five years next preceding his appointment. Each of the members shall be appointed from among persons who hold licenses under any of the medical practice acts of this state. The governor shall fill by appointment all vacancies on the board. The term of office of each member shall be four years; *provided,* that of the first board appointed, three members shall be appointed for one year, two for two years, two for three years and three for four years, and that thereafter all appointments shall be for four years, except that appointments to fill vacancies shall be for the unexpired term only. No person in any manner owning any interest in any college, school or institution engaged in medical instruction shall be appointed on the board, nor shall more than one member of the board be appointed from the faculty of any one university, college, or other educational institution. The governor shall have power to remove from office any member of the board for neglect of duty required by this act, for incompetency, or for unprofessional conduct. Each member of the board shall, before entering upon the duties of his office, take the constitutional oath of office.

Oath.

SEC. 2. The board shall be organized on or before the first Tuesday of September, 1913, by electing from its number a president, vice president, and a secretary who shall also be the treasurer, who shall hold their respective positions during the pleasure of the board. The board shall hold one meeting annually beginning on the third Monday in October in the city of Sacramento and at least two additional meetings annually, one of which shall be held in the city of Los Angeles and the other in the city of San Francisco, with power of adjournment from time to time until its business is concluded; *provided, however,* that examinations of applications for certificates may, in the discretion of the board, be conducted in any part of the state designated by the board. Special meetings of the board may be held at such time and place as the board may designate. Notice of each regular or special meet-

ing shall be given twice a week for two weeks next preceding each meeting in one daily paper published in the city of San Francisco, one published in the city of Sacramento, and one published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. The secretary of the board upon an authorization from the president of the board or the chairman of a committee, may call meetings of any duly appointed committee of the board at a specified time and place and it shall not be necessary to advertise such committee meetings. The board shall receive through its secretary applications for certificates provided to be issued under this act and shall, on or before the first day of January of each year, transmit to the governor a full report of all its proceedings together with a report of its receipts and disbursements. The board shall, on or before the first day of January of each year, compile and may thereafter publish and sell, a complete directory giving the addresses of all persons within the State of California who hold unrevoked licenses to practice under any medical practice act of the State of California, which license shall in any manner authorize the treatment of human beings for diseases, injuries, deformities, or any other physical or mental conditions. The board is hereby authorized to require said persons to furnish such information as it may deem necessary to enable it to compile the directory. The directory shall contain in addition to the names and addresses of said persons, the names and symbols indicating the title, name or names, school or schools, which such person has attended and from which graduated, the date of issuance of the license, the present residence of said person and a statement of the form of certificate held. The directory shall be prima facie evidence of the right of the person or persons named therein to practice. It shall be the duty of every person holding a license to practice under any medical act of this state, or who may hereafter be so licensed to practice, to report immediately each and every change of residence, giving both the old and the new address. To comply with the provisions of this section relating to the compilation, publication and sale of a directory in addition to the fee required for the filing of any application, or the issuance of any certificate hereinafter provided for, each licentiate granted a certificate under the provisions of this act, or any preceding medical practice act of the State of California, shall, on or before the first day of January of each year, pay to the secretary-treasurer of the board of medical examiners an annual tax and registration fee of two dollars ($2.00). Receipt or acknowledgment of payment by the secretary-treasurer shall be evidence that the holder and possessor of such certificate is entitled to practice the particular system for which he was granted such certificate for a period of one year from the first day of January; but notwithstanding the possession by any certificate holder of such receipt or acknowledgment of

Right to practice for one year.

payment, the license or certificate issued to such licentiate to practice any system recognized by this or any preceding medical practice act of the State of California, may, at any time, be forfeited or revoked for a violation of the further provisions and requirements of this act. The failure, neglect and refusal of any person holding a license or certificate to practice a system under this or any preceding medical practice act of the State of California, to pay said annual tax of two dollars ($2.00) during the time his or her license remains in force, shall, after a period of sixty days from the first day of January of each year, *ipso facto,* work a forfeiture of his or her license or certificate, and it shall not be restored except upon the written application therefore, and the payment to the said board of a fee of ten dollars ($10.00) except that such licentiate who fails, refuses or neglects to pay such annual tax within a period of sixty days after the first day of January of each year shall not be required to submit to an examination for the reissuance of such certificate. It shall be the duty of the executive officer herein designated as the secretary-treasurer of said board of medical examiners to mail to the last known address of each licentiate who has paid said annual tax a copy of the said directory, and all new issues thereof and copies of all supplements thereto. The receipts of the said annual tax referred to herein shall be paid into the contingent fund of the board of medical examiners of California, and after the expenses of issuing said directors have been paid, in the event that there shall be a surplus of such funds, the board may from time to time, in its discretion, apply said surplus for any other expenses incurred by the board under the provisions of this act. [Amended April 24, 1915; amended April 11, 1917.]

Penalty for non-payment.

Location of office.

SEC. 3. The office of the board shall be in the city of Sacramento. Sub-offices may be established in Los Angeles and San Francisco and such records as may be necessary may be transferred temporarily to such sub-offices. Legal proceedings against the board may be instituted in any one of said three cities. [Amended April 24, 1915.]

Sub-office.

Rules.

SEC. 4. The board may from time to time adopt such rules as may be necessary to enable it to carry into effect the provisions of this act. It shall require the affirmative vote of seven members of said board to carry any motion or resolution, to adopt any rules, to pass any measure, or to authorize the issuance of any certificate as in this act provided. Any member of the board may administer oaths in all matters pertaining to the duties of the board, and the board shall have authority to take evidence in any matter cognizable by it. The board may in its discretion appoint or designate any qualified and competent person or persons to give the whole or any portion of any examination as provided in this act; such person or persons need not be a member of the board of medical examiners and shall be designated as a commissioner on examination and shall

be subject to the same rules and regulations and entitled to the same fee and remuneration as if a member of the board. The board shall keep an official record of all its proceedings, a part of which record shall consist of a register of all applicants for certificates under this act, together with the action of the board upon each application. [Amended April 24, 1915.]

Great register.

Prosecution.

SEC. 5. The board is authorized to prosecute all persons guilty of violation of the provisions of this act. It shall have the power to employ legal counsel for such purpose, and may also employ inspectors, special agents and investigators and such clerical assistance as it may deem necessary to carry into effect the provisions of this act. The board may fix the compensation to be paid for such service and may incur such other expenses as it may deem necessary. It shall also fix the salary of the secretary, not to exceed the sum of three thousand dollars per annum, and the sum to be paid to other members of the board, not to exceed ten dollars per diem each, for each and every day of actual service in the discharge of official duties; such service to include the attendance at special meetings of the board and committee meetings of the board and while actively engaged in the review of examination papers, based upon one per diem for each thirty papers or fraction thereof. Each member of the board shall make an affidavit before some duly authorized person in the State of California that such service has been actually performed; and the board may in its discretion, add to said sum necessary traveling expenses. [Amended April 24, 1915.]

SEC. 6. All fees collected on behalf of the board of medical examiners, and all receipts of every kind and nature, shall be reported at the beginning of each month, for the month preceding, to the state controller, and at the same time the entire amount of such collections shall be paid into the state treasury, and shall be credited to a fund to be known as the board of medical examiners' contingent fund, which fund is hereby created. Such contingent fund shall be for the uses of the board of medical examiners and out of it shall be paid all salaries and all other expenses necessarily incurred in carrying into effect the provisions of this act. An amount not to exceed one thousand dollars ($1,000) may be drawn from the contingent fund herein created, to be used as a revolving fund where cash advances are necessary; but expenditures from such revolving fund must be substantiated by vouchers and itemized statements at the end of each fiscal year, or at any other time when demand therefor is made by the board of control.

the sum of ten dollars ($10) shall be retained, the remainder of the fee being returnable on application.

Forms of certificate to be issued.

SEC. 8. Four forms of certificates shall be issued by said board under the seal thereof and signed by the president and secretary; first, a certificate authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions, which certificate shall be designated "physician and surgeon certificate"; second, a certificate authorizing the holder thereof to treat diseases, injuries, deformities, or other physical or mental conditions without the use of drugs or what are known as medicinal preparations and without in any manner severing or penetrating any of the tissues of human beings except the severing of the umbilical cord, which certificate shall be designated "drugless practitioner's certificate"; third, a certificate authorizing the holder thereof to practice chiropody; for the purpose of this act chiropody is defined to be the surgical treatment of abnormal nails and superficial excrescences occurring on the feet, such as corns, callosities, and the treatment of bunions; but it shall not confer the right to operate upon the feet for congenital or acquired deformities, or for conditions requiring the use of anesthetics other than local, or incisions involving structures below the level of the true skin; fourth, a certificate to practice midwifery which shall be in the form designated by the board and in conformity with this act. Such certificate shall entitle the holder thereof to attend cases of childbirth. As used in this act, the practice of midwifery means the furthering or undertaking by any person to assist a woman in normal childbirth, but it does not include at any childbirth the use of any instrument, except such instrument as is necessary in severing the umbilical cord, nor the assisting of childbirth by any artificial, forcible or mechanical means, nor the performance of any version, nor the removal of adherent placenta, nor the administering, prescribing, advising or employing in childbirth of any drug, other than a disinfectant or cathartic. The provisions hereof shall not authorize any midwife to practice medicine and surgery. A "reciprocity certificate" shall also be issued under the provisions hereinafter specified. Any of these certificates on being recorded in the office of the county clerk, as hereinafter provided, shall constitute the holder thereof a duly licensed practitioner in accordance with the provisions of his certificate. [Amended April 24, 1915; amended April 11, 1917.]

it being required that all applicants shall have received passing grades in all such courses, that the applicant or applicants shall be admitted to examination for their respective form of certificates.

Data on application blank.

The said application shall be made upon a blank furnished by said board and it shall contain such information concerning the medical instruction and the preliminary education of the applicant as the board may by rule prescribe. In addition to the requirements hereinabove provided for, applicants for any form of certificate hereunder shall present to said board at the time of making such application a diploma from a California high school or other school in the State of California requiring and giving a full four years' course of same grade, or other schools elsewhere, requiring and giving a full four years' standard high school course, or its equivalent, approved by the board, together with satisfactory proof that he is the lawful holder of such diploma, and that the same was procured in the regular course of instruction. The passing of an examination before the entrance examining board for the entrance to the academic department of the University of California, or Stanford University or the University of Southern California, or the possession of documentary evidence of admission to the academic department of such institutions as a regular student or in full standing shall be sufficient basic or preliminary educational qualifications. In lieu of such diploma, the applicant may present: (1) a certificate from the college entrance examination board, or the college examining board of any state or territory showing that such applicant has successfully passed the examination of said board; or (2) if such applicant be thirty years or more of age he may show to the satisfaction of the board of medical examiners proof of preliminary education equivalent in training power to the foregoing requirements. After January 1, 1919, every applicant for a "physician and surgeon certificate" shall in addition to the foregoing requirements, present to the board satisfactory evidence that before beginning the last half of the second year in the study of medicine he has completed a course which includes at least one year of work, of college grade, in each of the subjects of physics, chemistry and biology. The preliminary or basic educational requirements for a chiropodist shall be as follows: On and after July 1, 1915, the successful completion of one year of high school work or its equivalent; on and after July 1, 1918, two years of high school work or its equivalent; on and after July 1, 1920, three years of high school work or its equivalent; on and after July 1, 1922, four years of high school work or its equivalent.

Subjects of examination: A. For physician and surgeon.

SEC. 11. In addition to above requirements, all applicants for "physician and surgeon certificate" must pass an examination to be given by the board in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. Bacteriology and pathology.
4. Chemistry and toxicology.
5. Obstetrics and gynecology.
6. Materia medica and therapeutics, pharmacology, including prescription writing.
7. General medicine, including clinical microscopy.
8. Surgery.
9. Hygiene and sanitation.

BB. For drugless.

All applicants for "drugless practitioner certificates" must pass an examination in the following subjects:

1. Anatomy and histology.
2. Physiology.
3. General diagnosis.
4. Pathology and elementary bacteriology.
5. Obstetrics and gynecology.
6. Toxicology and elementary chemistry.
7. Hygiene and sanitation.

Drugless to qualify for physician and surgeon.

Provided, that a person who holds a "drugless practitioner certificate," issued upon satisfactory proof of the course of instruction and minimum requirements demanded in section ten hereof and who presents evidence of having successfully completed the additional courses required for the "physician and surgeon certificate" as hereinbefore provided, shall be permitted to take his examination in subjects required for a "physician and surgeon certificate" without being reexamined in "drugless practitioner" subjects.

Additional examination for advanced certificate.

The subjects for such examination shall be:

1. Advanced chemistry.
2. Advanced bacteriology.
3. Surgery.
4. Materia medica and therapeutics, pharmacology, including prescription writing.
5. General medicine, including clinical microscopy.

E. Examination for chiropodists.

All applicants for a certificate to practice chiropody must pass an examination in the following subjects:

1. Anatomy and histology.
2. Physiology, chemistry and hygiene.
3. Pathology and bacteriology.
4. Dermatology and syphilis.
5. Orthopedics and surgery.
6. Chiropody and therapeutics.

F. Examination for midwives.

All applications for a certificate to practice midwifery must pass an examination in the following subjects:

1. Anatomy and physiology.
2. Obstetrics.
3. Hygiene and sanitation.

Character of examination.

All examinations shall be practical in character and designed to ascertain the applicant's fitness to practice his profession, and shall be conducted in the English language, and at least a portion of the examination in each of the subjects shall be in writing. The board in its discretion upon the submission of satisfactory proof from the applicant that he is unable to meet the requirements of the examination in the English language, may allow the use of an interpreter either to be present in the examination room or to thereafter interpret and transcribe the answers of the applicant. The selection of such interpreter is to be left entirely to the board and the expenses thereof to be borne by the applicant, the payment therefor to be made before such examination is held. There shall be at least ten questions on each subject, the answers to which shall be marked on a scale of zero to one hundred. Each applicant must obtain no less than a general average of seventy-five per cent, and not less than sixty per cent in any two subjects; *provided,* that any applicant shall be granted a credit of one per cent upon the general average for each year of actual practice since graduation; *provided, further,* that any applicant for "physician and surgeon certificate" obtaining seventy-five per cent each in seven subjects and any applicant for "drugless practitioner certificate" obtaining seventy-five per cent each in five subjects and an applicant for a certificate to practice chiropody obtaining over seventy-five per cent in seven subjects, and an

applicant for a certificate to practice midwifery obtaining seventy-five per cent in one subject, shall be subsequently reexamined in those subjects only in which he failed, and without additional fee. Any person who at any time prior to January 1, 1916, shall pay to the secretary of said board the fee of twenty-five dollars and submits satisfactory proof of good moral character and of a resident one-year course of not less than one thousand hours in a legally chartered school approved by the board and satisfactory proof of three years of actual practice of a drugless system of the healing art, such three years of actual practice to have been in the State of California, shall be admitted to the drugless practitioner examination; *provided, however,* that in the event of a license being granted to such applicant he will not be eligible thereafter for the physician's and surgeon's certificate without a full and complete compliance with the terms and provisions of sections nine and ten hereof. Any one who shall pay the fee of fifty dollars to the secretary of the board prior to January 1, 1916, and submits to the board satisfactory proof of good moral character and proof of six years' actual practice of a drugless system of the healing art, three years of which must have been in the State of California, and satisfactory proof of a resident one-year course of not less than one thousand hours in a legally chartered school approved by the board and upon proof of competency in a drugless system may be granted a certificate to practice a drugless system in this state; *provided, however,* that such licensee shall not be permitted to take the physician's and surgeon's examination without a full and complete compliance with the terms of sections nine and ten hereof.

Not eligible for physician's and surgeon's examination.

The examination papers shall form a part of the records of the board, and shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application. The secretary of the board shall in no instance participate as an examiner in any examination held by the board. All questions on any subject in which examination is required under this act shall be provided by the board of medical examiners upon the morning of the day upon which examination is given in such subject, and when it shall be shown that the secretary or any member of the board has in any manner given information in advance of or during examination to any applicant it shall be the duty of the governor to remove such person from the board of medical examiners, or from the office of secretary.

Examination papers kept on file.

Secretary not to examine.

Cause for removal from board.

All certificates issued hereunder must state the extent and character of practice which is permitted thereunder and shall be in such form as shall be prescribed by the board. [Amended April 24, 1915; amended April 11, 1917.]

spector, passed assistant surgeon, or assistant surgeon of the United States navy, honorably discharged or temporarily detached, or placed upon the retired list without being discharged or on active duty, from the medical department of the United States navy, or who by resignation has honorably severed all connection with the service, and any surgeon of the United States army, honorably discharged, or temporarily detached or placed upon the retired list without being discharged or on active duty from the medical department of the United States army, or who by resignation has honorably severed all connection with the service and any commissioned officer, viz: surgeon general, assistant surgeon general, senior surgeon, surgeon, passed assistant surgeon and assistant surgeon of the United States public health service on active duty with such service, temporarily detached or who has honorably severed all connection with the United States public health service, is hereby authorized to practice medicine and surgery within the State of California by filing a sworn copy of his discharge, if he be discharged, or of the order temporarily detaching him or the order placing him upon the retired list, with the state board of medical examiners or by proving to the satisfaction of the board that by resignation he has honorably left the service of either the army or navy, and paying said board a fee of fifty dollars; *provided,* that when it appears to the satisfaction of the board, that in the year in which the applicant was appointed or commissioned in the United States army, navy or public health service, that the requirements of such service for such appointment or commission, were in any degree or particular less than those which were required for the issuance of a similar certificate to practice in California at the date of such issuance, then the board in its discretion may refuse to issue such certificate; *provided, further,* that the provisions of this section shall not apply to any contract surgeon in the United States army, navy or public health service, and shall not apply to any officer of the medical reserve corps of said army, navy or public health service. [Amended April 24, 1915; amended April 11, 1917.]

Fee.

Service standards.

Does not apply to contract surgeons or medical reserve corps officers.

SEC. 12½. Any person who at any time within ninety days from and after the passing of this act shall pay to said board, the registration fee of fifty dollars, as herein provided, and furnish to said board satisfactory proof of the fact that such applicant has been actually engaged in the practice of chiropody in the State of California for the period of one year prior to July 1, 1915, and that such applicant possesses a good moral character and competency in the practice of chiropody, shall be entitled to practice chiropody, and said board must issue to him a chiropody certificate.

Registration of midwives who have practiced in California for 1 year.

Any person who at any time within one hundred eighty days from and after the passing of this act shall pay to said board the registration fee of twenty dollars as herein provided, and furnish to said board satisfactory proof that such

Digitized by Google

applicant has been actually engaged in the practice of midwifery in the State of California for at least a period of one year, and that such applicant possesses a good moral character and competency in the practice of midwifery, shall be entitled to practice midwifery, and said board must issue to such applicant a midwifery certificate.

Moral character.

Cases of labor attended.

The actual practice referred to herein shall consist in satisfactory proof that the applicant has attended at least twenty-five cases of labor and has had the care of at least twenty-five mothers and new-born infants during the lying-in period. The lying-in period referred to herein shall consist of a period of ten days following delivery.

Indorsers of moral character.

The good moral character referred to herein shall be evidenced by the certificates of two physicians and surgeons or practitioners licensed under this or any preceding medical practice act of this state, and the certificate of one layman, preferably a clergyman, priest, rabbi or recognized minister of the gospel. The competency referred to herein shall be evidenced by affidavits of reputable citizens preferably physicians of the vicinity wherein the applicant has recently resided. The board, however, may disregard such certificates and in its discretion may give an oral, practical or clinical examination. The proof of the attendance and completion of the twenty-five cases of labor referred to herein shall be evidenced, if the board shall so require of any applicant, by the submission of the name of the mother, and a reference to the birth certificate required under the law. The board shall have the power to disregard the certificates of moral character referred to herein and may order that an investigation under the direction of the board be held upon the moral character of the applicant. If the said investigation should result in an adverse report to applicant, the applicant shall be entitled to a hearing before said board and after such hearing the board shall be the judges of the moral fitness of the applicant to receive a certificate to practice midwifery. In the event that a certificate to practice midwifery shall not be granted under the provisions of this section, the applicant will be entitled to a refund of ten dollars. Any person who files an application for a "physician and surgeon certificate" two weeks prior to a regular or special meeting, and who submits satisfactory proof to the board that the applicant has been licensed to practice osteopathy under the provisions of an act entitled "An act to regulate the practice of osteopathy in the State of California and to provide for the state board of osteopathic examiners, and to license osteopaths who practice in this state, and to punish persons violating the provisions of this act," which became a law under constitutional provision without the governor's approval March 9, 1901, or who submits satisfactory proof that the applicant has been licensed to practice osteopathy under an act entitled "An act to provide for the regulation of the practice of medicine and surgery, osteopathy and other

shall not be deemed to be of equal merit with a written examination and no certificate shall be issued in the case where a written examination was given in California and an applicant was given an oral examination in another state at the same time. The board is hereby authorized to enter into a contract or contracts of reciprocity with other states wherein the standard of such states is not in any degree or particular less than were the requirements in the State of California in the same year, for the issuance of a certificate to practice a system or mode of treating the sick or afflicted, such certificate to be similar in scope of practice as the certificate issued in the other state; *provided, however,* that an application based upon a certificate to practice any system or mode of treating the sick or afflicted issued in the District of Columbia or in any state or territory prior to March 4, 1907, if refused or denied by reason of the insufficiency of the standard of such state or territory then such applicant may have the privilege of either a written or oral examination before the board at the option of the applicant. Any person may file an application with the said board to practice medicine and surgery within the State of California, in the event that such applicant has been duly licensed prior to August 1, 1901, and has practiced medicine and surgery in another state or territory, or the District of Columbia, for a period of time commencing prior to the first day of August, 1901. Such application

Credentials required. shall be verified and shall contain a statement showing: (*a*) the full name of the applicant; (*b*) all institutions at which he has studied and the period of such study, and all institutions from which he has graduated; (*c*) a statement of whatever certificate or certificates to practice medicine and surgery may have been issued to him, together with the date of such certificate and a description of the same, and, if required by the board, the certificates themselves, or satisfactory proof of their issuance; (*d*) a statement of all places in which said applicant has practiced medicine and surgery; (*e*) such other general information as to his past practice, as may be required by the said board. The said board shall make such independent investigation of the character, ability and standing of the applicant as it may deem proper and necessary, and if it shall find after such investigation that said applicant has been a practicing physician and surgeon in any other state or territory or the District of Columbia, prior to August 1, 1901, and prior to said last named date has been duly licensed so to practice, and that his reputation as such physician and surgeon is good in the community in which he has so practiced medicine and surgery, and has been a resident of his last state of residence for a period of one year prior to date of filing his application in the State of California, they shall afford him an examination on a day suiting the convenience of the board not more than six months subsequent to the presentation of said application. Said examination shall be oral, practical, and clinical in nature, and full consideration shall be given to the duration and character of the applicant's practice. If after such last mentioned examination it is determined by a majority vote of the said medical examiners conducting said examination, that such applicant is so qualified to practice medicine and surgery within the State of California, and that his reputation and standing in the community in which he has previously practiced is good, the said applicant shall be entitled to receive a "physician and surgeon certificate." Each applicant on making such application shall pay to the secretary of the board, a fee of one hundred dollars, which shall be paid to the treasurer of the board, of which sum ninety dollars shall be returned to him should he not receive a certificate hereunder. All certificates issued pursuant to this section shall be marked across the face thereof "reciprocity certificate." Any person granted a "reciprocity certificate" to practice any system or mode for treating the sick or afflicted recognized by this or any preceding medical practice act in this state, such certificates not being of equal scope with the certificates known and designated as the "physician and surgeon certificate," will not be eligible for the "physician and surgeon certificate" as designated in this act without a full and complete compliance with the terms and provisions of sections nine, ten and eleven hereof.

[Amended April 24, 1915; amended April 11, 1917.]

Refusal of certificate for unprofessional conduct.

SEC. 14. Said board must refuse a certificate to any applicant guilty of unprofessional conduct. On the filing with the secretary of a sworn complaint, charging the applicant with having been guilty of unprofessional conduct, the secretary must forthwith issue a citation, under the seal of the board, and make the same returnable at the next regular session of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant when and where the charges of said unprofessional conduct will be heard, and that the applicant shall file his written answer, under oath, within twenty days next after the service on him of said citation or that default will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing may be compelled by subpœnas issued by the secretary of the board under its seal. Said citation and said subpœnas shall be served in accordance with the statutes of this state then in force as to the service of citation and subpœnas generally, and all the provisions of the statutes of this state then in force relating to subpœnas and to citations are hereby made applicable to the subpœnas and citations provided for herein. Upon the secretary's certifying to the fact of refusal of any person to obey a subpœna or citation to the superior court of the county in which the service was had, said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempts for disobedience of process of the court, and should said court find that the subpœna or citation has been legally served, and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, depositions of witnesses may be taken, the same as in civil cases and all the provisions of the statutes of this state then in force as to the taking of depositions are hereby made applicable to the taking of depositions under this act. If the applicant shall fail to file with the secretary of said board his answer, under oath, within twenty days after service on him of said citation, or within such further time as the board may allow, and the charges on their face shall be deemed sufficient by the board, default shall be entered against him, and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such proper evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. Whenever any holder of a certificate herein provided for is guilty of unprofessional conduct, as the same is defined in this act, and the said unprofessional conduct has been brought to the attention of the board granting

said certificate, in the manner hereinafter provided, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, or the person holding such certificate is found to be practicing contrary to the provisions thereof and of this act, it shall be the duty of said board either to suspend the right of the holder of said certificate to practice for a period not exceeding one year, or in its discretion to revoke his certificate. In the event of such suspension, the holder of such certificate shall not be entitled to practice thereunder during the term of suspension; but, upon the expiration of the term of said suspension, he shall be reinstated by the board and shall be entitled to resume his practice, unless it shall be established to the satisfaction of the board that said person so suspended from practice, has, during the term of such suspension, practiced in the State of California, in which event the board shall revoke the certificate of such person. No such suspension or revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of suspension or revocation shall enter on his register the fact of such suspension or revocation, as the case may be, and shall certify the fact of such suspension or revocation under the seal of the board, to the county clerk of the counties in which the certificates of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "The holder of this certificate was on the ------ day of ----------, suspended for ----------," or, "This certificate was revoked on the ------ day of ----------," as the case may be, giving the day, month and year of such revocation or length of suspension, as the case may be, in accordance with said certification to him by said secretary. The record of such suspension or revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said suspension or revocation. The words "unprofessional conduct," as used in this act, are hereby declared to mean:

Suspension of certificate or revocation.

Citation.

Recorded in great register.

County clerk notified.

Facts to enter in register.

Unprofessional conduct defined.

First—The procuring or aiding or abetting or attempting or agreeing or offering to procure a criminal abortion.

Second—The wilfully betraying of a professional secret.

Third—All advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons, and so be harmful or injurious to public morals or safety.

Fourth—All advertising of any medicine or of any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed.

Digitized by Google

Fifth—Conviction of any offense involving moral turpitude, in which case the record of such conviction shall be conclusive evidence.

Sixth—Habitual intemperance or excessive use of cocaine, opium, morphine, codine, heroin, alpha eucaine, vita eucaine, novocaine or chloral hydrate or any of the salts, derivatives or compounds of the foregoing substances or the prescribing, selling, furnishing, giving away or offering to prescribe, sell, furnish, or give away such substances to a habitue who is not under the direct personal and continuous treatment and care of the physician for the cure of the above mentioned drugs.

Seventh—The personation of another licensed practitioner or permitting or allowing another person to use his certificate in the practice of any system or mode of treating the sick or afflicted.

Eighth—The use, by the holder of any certificate, in any sign or advertisement in connection with his said practice, or in any advertisement or announcement of his practice, of any fictitious name, or any name other than his own.

Ninth—The use, by the holder of a "drugless practitioner certificate" of drugs or what are known as medicinal preparations, in or upon any human being, or the severing or penetrating by the holder of said "drugless practitioner certificate" of the tissues of any human being in the treatment of any disease, injury, deformity, or other physical or mental condition of such human being, excepting the severing of the umbilical cord.

Tenth—Advertising, announcing or stating, directly, indirectly, or in substance, by any sign, card, newspaper, advertisement or other written or printed sign or advertisement, that the holder of such certificate or any other person, company, or association by which he is employed or in whose service he is, will cure or attempt to cure, or will treat, any venereal disease, or will cure or attempt to cure or treat any person or persons for any sexual disease, for lost manhood, sexual weakness, or sexual disorder or any disease of the sexual organs; or being employed by, or being in the service of, any person, firm, association, or corporation so advertising, announcing or stating.

Eleventh—The use by the holder of any certificate of any letter, letters, word, words, or term or terms used either as prefix or affix or suffix indicating that such certificate holder is entitled to practice a system or mode of treating the sick or afflicted for which he was not licensed in the State of California.

Twelfth—The employment of "cappers" or "steerers" or other persons in procuring practice for a practitioner for a system or mode of treating the sick or afflicted provided for in this act.

Causes for revoking certificate to practice midwifery.

Thirteenth—The certificate issued herein for the practice of midwifery may be revoked when it appears to the satisfaction of the board that in any case or cases that the licentiate may have treated,

Digitized by Google

that due caution and circumspection was not used or that the holder of said certificate in its treatment of any case or cases had not used proper aseptic and antiseptic precautions.

Fourteenth—The certificate to practice midwifery herein may be revoked upon conviction for the violation of any health statute, order or ordinance or for the neglect or refusal to comply with the health rules and regulations of any state, county, city and county, city or township.

Fifteenth—The certificate issued herein for the practice of midwifery may be revoked for the treatment by any midwife in any case of labor in which case there is a complicated vertex presentation in which said licentiate did not call or attempt to call a licentiate licensed to practice a system including the practice of obstetrics under this act or any preceding medical practice act in this state.

Sixteenth—The certificate issued herein for the practice of midwifery may be revoked for a failure to refer to a licentiate under this act or any preceding act in the State of California licensed to practice a system including obstetrics, a case which during pregnancy has, or develops any of the following conditions: a contracted pelvis or other deformity that will interfere with labor; bleeding from the uterus; swelling of the face and hands; excessive vomiting; persistent headache; dimness of vision; convulsions; or for failure to call or summons a physician if any of the following conditions exist or develop at the beginning of or during labor: Complicated presentation of a vertex (head); convulsions, excessive bleeding; prolapse of the cord; a swelling or tumor that obstructs the birth of the child; signs of exhaustion or collapse; unduly prolonged labor; or the failure to refer to a licentiate in this act or any preceding act in the State of California licensed to practice a system including obstetrics, a case, which during the lying-in period, develops the following conditions: Convulsions; excessive bleeding; foul smelling discharge (lochia); persistent rise of temperature to one hundred one degrees Fahrenheit for twenty-four hours; swelling and redness of the breasts; severe chill (rigor) with rise of temperature; inability to nurse the child; or for a failure to refer to a licentiate under this act or any preceding act in the State of California licensed to practice a system including obstetrics, a case where the child has or develops any of the following conditions: Deformities or malformations or injuries; inability to suckle or nurse; inflammation around or discharge from the navel; swelling and redness of the eyelids with a discharge of pus from the eyes (ophthalmia neonatorum); bleeding from the mouth, navel or bowels, inability to urinate.

Seventeenth—The certificate issued herein for the practice of midwifery may be revoked for the treatment by the said midwife licentiate known as the introduction of the hand into the vagina or uterus to remove placenta or membranes.

Digitized by Google

Eighteenth—The certificate issued herein for the practice of midwifery may be revoked for the failure to have the following equipment (in each case): Nail brush; wooden or bone nail cleaner; jar of green or soft castile soap; rubber gloves; tube of sterile vaseline; clinical thermometer; agate or glass douche reservoir; two rounded vaginal douche nozzles; two rectal nozzles, large and small; one soft rubber catheter; blunt scissors for cutting cord; either lysol, carbolic acid or bichloride of mercury tablets; boric acid powder; one per cent solution of nitrate of silver; medicine dropper; narrow tape or soft twine for tying cord; absorbent cotton (preferably in one-quarter pound packages); no other instruments are to be used, owned or possessed by a midwife. [Amended April 24, 1915; amended April 11, 1917.]

Recording certificate.

SEC. 15. Every person holding a certificate under the laws of this state authorizing him to practice any system or mode of treating the sick or afflicted in this state must have it recorded in the office of the county clerk of the county or counties in which the holder of said certificate is practicing his profession, and the fact of such recordation shall be endorsed on the certificate by the county clerk recording the same. Any person holding a certificate as aforesaid, who shall practice or attempt to practice any system or mode of treating the sick or afflicted in this state, without having first filed his certificate with the county clerk, as herein provided, shall be deemed guilty of a misdemeanor and shall be punished as hereinafter designated in this act. [Amended April 11, 1917.]

County clerk's record book.

SEC. 16. The county clerk shall keep in a book provided for the purpose a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours.

Practicing without a license.

SEC. 17. Any person who shall practice or attempt to practice, or who advertises or holds himself out as practicing, any system or mode of treating the sick or afflicted in this state, or who shall diagnose, treat, operate for, or prescribe for, any disease, injury, deformity, or other mental or physical condition of any person, without having at the time of so doing a valid unrevoked certificate as provided in this act, or who shall in any sign or in any advertisement use the word "doctor," the letters or prefix "Dr.," the letters "M. D.," or any other term or letters indicating or implying that he is a doctor, physician, surgeon or practitioner, under the terms of this or any other act, or that he is entitled to practice hereunder, or under any other law without having at the time of so doing a valid unrevoked certificate as provided in this act shall be guilty of a misdemeanor and upon conviction thereof shall be punished as designated in this act. [Amended April 24, 1915; amended April 11, 1917.]

1. A. See chapter 354, Statutes of 1913
   B. See chapter 354, Statutes of 1913
   C. See chapter 354, Statutes of 1913
   D. See chapter 354, Statutes of 1913
   E. See chapter 105, Statutes of 1915
   F. See chapter 81, Statutes of 1917

   The Board has adopted the policy of granting a written examination to licentiates from other states whenever the California Board determines that the standard maintained by such state at the date of issuance of the certificate used as the basis of the application, was lower than that maintained by the California law on the same date.

2. A. Certificates to practice Osteopathy were not issued in California prior to March 9, 1901.
   B. See chapter 105, Statutes 1915.
   C. Applicants presenting Osteopathic certificates issued between March 4, 1907, and August 10, 1913, by a state maintaining a lower standard than California, may take
   D. the written examination for a drugless practitioner certificate provided such applicant fulfills the provisions of sections 9 and 10, chapter 354, Statutes of 1913, as amended by chapter 105 of the Statutes of 1915.
   E. Certificates to practice Osteopathy have not been issued in California since August 10, 1913—repeal of chapter 212, Statutes 1907, and amendments thereto. See chapter 354, Statutes 1913. Consequently, Osteopaths must qualify for a physicians and surgeons or drugless practitioner certificate in accordance with the credentials submitted from such other state and the Board's classification thereof.
   F. Same as E. See chapter 81, Statutes of 1917.

3. A. Not recognized.
   B. Not recognized.
   C. Not recognized.
   D. See chapter 354, Statutes 1913. For reciprocity exactions see chapter 105, Statutes 1915.
   E. Must meet the requirements of sections 9 and 10, Statutes 1915, for drugless practitioner certificate.
   F. Same as E. See chapter 81, Statutes of 1917.

4. A-B-C-D. Not recognized.
   E. See chapter 105, Statutes 1915. An applicant practicing in California for one (1) year prior to July 1, 1915, who files an application within 90 days subsequent to August 8, 1915, and makes proof of competency, good moral character, etc., may be granted a certificate on credentials (registration).

5. A-B-C-D-E. Not recognized.
   F. See chapter 81, Statutes of 1917.
