If an itemized bill is desired on any call made outside of your local calling area; but within the message unit calling area, such call should be placed by dialing "0" plus the telephone number and then asking the Operator for itemized billing. The charge for such a call will be at regular long distance rates, which are generally higher than message unit rates. Regular monthly itemization of all message unit calls, except local calls, may be obtained for a small additional charge. Call the Business Office for details.
