• **Williams' Typewriter** •

**A DREAM OF HALF A CENTURY
REALIZED**

**JUST THINK
OF IT**

The last letter, the last word, the last lines all in perfectly plain view of the operator. You can learn to operate the WILLIAMS ten times easier and ten times quicker than you can any of the Blind Machines.

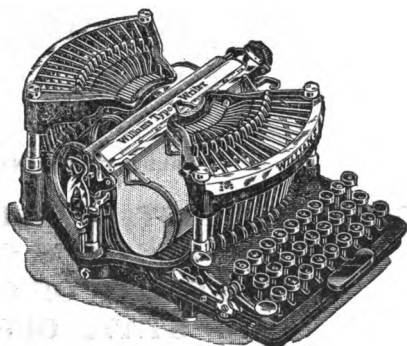

The WILLIAMS has speed and manifolding power unequalled, does better and neater work than any ribbon machine can, and is the **ONLY** machine having the writing **strictly in view**. The ink problem satisfactorily settled for the first time.

The WILLIAMS has been adopted by the British War Department, after severe competitive test, and a cash order for 3000 machines from Europe followed and is now being filled.

We invite the judgment of mechanical experts and scientific engineers as to the correctness of the principles employed and the advantages over the old fashioned "blind" machines.

A few years after the breech loading gun appeared, the manufacture of the old muzzle loaders had entirely ceased. A few years after the stem-winding watch appeared the manufacture of the old key watches had entirely ceased. **A few years from this date the manufacture of "blind" typewriting machines will have entirely ceased—mark this prediction.**

We assert emphatically, that as a first-class, all-round, rapid, convenient and durable typewriter, the WILLIAMS has no equal Write for illustrated catalogue or call at our office, 508 Clay Street, and see it in operation.

Important to Attorneys and Others.

The Daily Journal is the official organ of the Superior Court of Los Angeles county, publishing the Court Calendars, new suits filed, judgments docketed, etc. Also the Calendars of the two Federal Courts, and Los Angeles district of the Supreme Court.

The Daily Journal makes a specialty of publishing verbatim the opinions of the six learned Judges of the Superior Court, and of the two Federal Judges. Also a syllabus of all decisions of the State Supreme Court.

The Daily Journal also publishes officially the complete county records of Los Angeles county, comprising the full real estate transfers, mortgages, liens, homesteads, attachments, etc.

It is needless to say that such a publication is invaluable to the Attorney, County and State Officials, and others, and that the valuable business pointers to be gained from one of the most prosperous counties in the state would be full compensation for a subscription to this paper.

The Daily Journal carries more LEGAL ADVERTISING than all other Los Angeles newspapers combined.
