 Hirshfield L, general merchandise
 May Frank P, postmaster
 McMillan A, physician

Panamint, Inyo Co, P O 70 miles s e of
 Independence, and 220 miles northeast of Los An-
 geles, is a newly organized mining district which
 promises to develop great wealth. The locality of
 the town is in Surprise Cañon, a deep chasm,
 among high, barren and precipitous mountains, of
 difficult access and unpleasant habitation. One
 large vein has been discovered, upon which
 "Jacob's Wonder," "Stewart's Wonder," and other
 claims are located. These are the property of the
 Surprise Valley Mill and Water Company, and are
 in course of development, employing some 300 men.
 The place is reached by stage from Bakersfield and
 from Los Angeles. The mines are noticed in the
 article on minerals. One paper, the *Panamint
 News*, is published tri-weekly.
