

tensive arbor used as a saloon and dancing hall. But this noble vine, after a growth of 70 years, is giving signs of decay, supposed to be caused by enclosing its base and covering the ground with a floor for dancing purposes. The climate of Santa Barbara is singularly equable and healthy, the temperature varying but a few degrees during the year, and is as pleasant as could be desired. Four newspapers are published. *The Press, Republican*, and *News* daily; and the *Index* weekly.
