G. B. KENT & CO., of London, ENGLAND,

Manufacturers of Brushes

SINCE ANNO DOMINI 1777.

KENT'S HAIR BRUSHES are the best that can be manufactured, and the most durable, penetrating, and elegant in design and finish.

KENT'S TOOTH BRUSHES are manufactured in a special factory, with the greatest care. They are all warranted sound, no loose hairs, and these improved under the patent of Dr. Maury of Washington, U. S., are the most pleasant to use, and the most harmless to the gums and to the enamel of the teeth. Every druggist or dealer in brushware should order Kent's Brushes from the wholesale houses in the United States.
