- No. 31. Fifth and Grove.
- No. 32. Ninth and Webster.
- No. 34. Fourteenth and Webster.
- No. 35. Telegraph avenue and Frederick street.

Persons having keys will observe the following rules:

When it is necessary to use the signal boxes, go to the one nearest to the fire, put your key into the outside door, open

it, and pull down the hook on the inside once, or until you hear a bell within the box, close the door, and remain to direct the firemen to the locality of the fire.

Do not try to take your key out, as it is locked in, and will be returned to you.

If, upon opening the door, you hear the bell within the box ring, do not pull the hook for one minute, or until it has stopped ringing, for it will indicate that an alarm is being sent from some other station.

Persons having keys will be held responsible for their use. Do not give an alarm for a fire seen at a distance; do not open the box except in case of fire; do not give an alarm until certain there is a fire.

Keys can be obtained by any responsible person, upon application to the Chief Engineer, at his office on Sixth street, between Broadway and Washington (Felton Engine House), or to the Superintendent of Fire Alarm and Police Telegraph, City Hall.

The expenses of the Department for the year are thus summarized:

Salaries .....	\$25,119 38
Supplies and all other expenses .....	7,440 69
New hydrants, repairs, etc .....	1,057 60
	\$33,617 67
