Latest Improved

SELF-REGULATING WINDMILLS

— AND —

HORSE-POWERS,

— ALSO —

Manufacturers and Patentees of Tanks and all kinds of Pumping Machinery.
 Factory and Office, 51 BEALE ST., bet. Market and Mission, San Francisco.

Krogh's Patent, latest improved self-regulating Windmill, and first premium Horse-Power, for all purposes, such as pumping water, chopping feed, churning, sawing wood, running machinery for manufacturing, mechanical, or other purposes.

Our latest improved self-regulating Windmill was patented March 15, 1881; is warranted to be the best wind machine ever invented, very simple in construction, strong and durable, will pump more water than any windmill now in use, and once put up they require no attention whatever, except oiling. They are built to withstand and adapt themselves to the fury of the gale, as well as to light breezes, and to work steadily WITHOUT EXPENSE.

Our Horse Powers are complete in every detail, and possess every improvement and advantage that can be combined in such machines. They are provided with air-tight, dust-proof, self oiling journals. Two men can take either of them apart and put them together with ease.

Tanks, Pumps, Pipes, Pulley, Shafting,
 etc., furnished to order.

The Dairy Queen, designed especially for use of dairymen. **The Eclipse**, for 1 horse. **The Economy** for 1 or 2 horses. **The Monitor** for 1 or 4 horses.
