

THE NEW POLICY OF THE 

Mutual Benefit Life Insurance Company

IS UNEQUALED IN ITS
ADVANTAGES TO THE

 **POLICY HOLDER,**

WHICH ARE NOT COMBINED IN THE POLICIES
OF ANY OTHER COMPANY.

Large Annual Dividends, which may be used in Cash Reduction of Premiums, or applied to the purchase of paid-up participating Insurance payable with the Policy.

Equitable Surrender Values which are indorsed on the Policy, so that the insured can stop paying Premiums without loss by forfeiture.

1. A Liberal Cash Surrender Value.
2. Extended Insurance in the full amount of the Policy for as long a period as the value of the Policy will pay for at low term rates.
3. A Paid-up Policy for a reduced amount payable whenever death occurs.

Cash Loans are made up to the Cash Surrender Value when a satisfactory assignment of the Policy is made as collateral security. The Insured may thus prevent the lapse of the Policy if he happens to be short of funds; or he may secure a cash loan to meet any sudden emergency.

If the insured forgets to pay a Premium on the day it is due, his insurance is continued in force by the Company **without action on his part**. If he is well, he has three years' time in which to revive the Policy by payment of arrears of Premiums with interest; while if he is sick, or unable to pay the Premium, he is protected by his Extended Insurance.

See example of a lapsed Policy extended and paid in full in Alameda on 7th page of this advertisement:

Policies are Incontestable after the Second Year.

See Illustration, Opposite Page.
