

Turn Over....

A new leaf on the first of the new year and let us do your printing during 1899. It may prove a profitable change for you.

The business methods of firms are frequently judged by the stationery used. An attractive letter, or bill head, costs very little more than a poorly printed one, and yet the impression created is vastly different.

Fine printing is our forte. No other office in this city can give you as good service as ours. Come and talk it over with us.
