IF THERE IS anything wrong with your head, lungs, heart, stomach, liver kidneys, or any other part of the body, you may be sure that it is a lack of life current going to those parts, due to a pressure on the nerves at the point where they exit from the spinal cord.

It is a scientific fact that 95% of all inco-ordinations in the human body are caused by nerve pressure.

Constant practice makes perfect. An operator becomes skillful after years of practice.

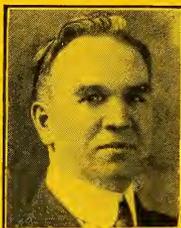

Dr. W. H. Jordan is a graduate of several recognized Chiropractic Colleges and has a Certificate issued by the State Board of Medical Examiners, and has the endorsements of many of the best citizens of Oakland, who have become satisfied patients.
