DENTISTS DEPARTMENT

Do You Wear Artificial Teeth?

If So, Investigate Dr. Schafhirt's New Invention

(Trade Mark)

Established 1898. 14 Years in Oakland

Does not run over the entire roof of the mouth; has three suctions instead of one; improves speech and taste; cools the mouth; prevents a flat hard mouth to fit in years to come, such as you will have with a cheap inferior old style plate. Look to your future. Don't pick the cheapest plate you can find, it doesn't pay. It makes no difference if you have any teeth of your own or not.
