

Introduction

It is with great pleasure that I present to the public this fifteenth issue of THE NEW SOCIETY BLUE BOOK.

This work is published for the sole purpose of supplying all social information, such as is desired by the many subscribers in San Francisco and suburban towns.

The Club Lists are composed of only the very prominent Clubs, and the members will find them a great help as reference in their social duties.

The publisher has spared no pains or expense in her endeavor to publish a book beautiful in its simplicity, and yet valuable in information; it is concise in every respect and exclusive in its patronage.

She wishes to extend her grateful thanks to the many subscribers who aided her in presenting this fifteenth issue with unbounded success to the public.
