

# The Portland Rowing Association

This Association is an incorporated institution, and its duration, in the Articles of Incorporation, is placed at fifty years. It was incorporated Nov. 13, 1879, and re-organized April 3, 1880. Its object is the mental and physical improvement and training of young men. It owns a fine boat house and a number of shells, pleasure boats, outriggers, etc., and among its membership are included the representative young men of Portland Society. During the summer the boat house is a favorite resort of all who like aquatic sports, and the club holds an annual regatta, at which prizes are competed for by the several crews which the club can muster.
