Monarch

MALLEABLE

The "Stay Satisfactory" Range

Never needs to be blackened, you simply wipe the top off with a damp cloth.

At the present price of coal, they will save from \$27.00 to \$32.50 a year in fuel.

No repair bills—we guarantee you'll have no repair bills to pay for ten years.

The fire can be handled as a blacksmith handles his forge—you can get a roaring fire from a single spark by the use of the duplex draft.

The MONARCH has oven ventilators forcing the cooking smell up the flue, instead of allowing it to escape and permeate the house.

The MONARCH costs more than other ranges in the first place, but in the long run it is the most economical to own.

Terms—\$8.00 down and \$8.00 a month. No extras, we pay for putting up, connecting, etc. Range set up as soon as you pay the \$8.00 down.
