

Through the Hours With
Milady's Slippers

The Werner Slipper Salon has been created to meet the taste of the woman who is discriminating about her footwear. Here I. Miller slippers are presented the same day they are shown in I. Miller's own exclusive shop on Fifth Avenue, New York. And here are slippers for every hour of the socially busy woman's day.

Mulés and D'Orsays that have stolen the grace of opera slippers and created it in silks and feathers and ribbons for the morning. Swagger sports and 'round town shoes. A most complete presentation of models for afternoon and the affairs of evening.
