

"HOLIDAY"

**Cantilever**  
*The Smart Shoe*  
*for Comfort*

## Fits Beautifully

Attractive new styles of the Cantilever Shoe are on display. They are smart and beautiful, as well as comfortable. The new Cantilevers recognize the feminine desire for fashionable shoes, and we offer you these famous shoes in new patterns, colors and materials, that will delight the discriminating buyer of high grade shoes.

### CANTILEVER SHOE

Every Cantilever Shoe is made with a flexible shank (arch) so that the important foot muscles gain strength through exercise thus correcting or preventing weak arches and kindred ills. By keeping the foot well balanced and permitting it to function as it should, Cantilever Shoes enable you to go gaily through a busy day. These models fit perfectly at the heel—they hug the ankle—fit the arch—and provide room for the toes.

They give you a beautiful fit—and a beautiful foot.

Come and see the new Cantilever Shoes.
