

Excelsior Self-Regulating Windmill.

It is the BEST for eight reasons: First—It is a positive self-regulator. Second—It has less working parts. Third—It is direct acting. Fourth—It has less joints. Fifth—It has less points of friction. Sixth—It has less points to oil. Seventh—It requires less attention. Eighth and last, but not least—It is offered to the public at as low a price as many of the inferior mills now being sold in this market.

THE EXCELSIOR WINDMILL was awarded the first or cash premium at the California State Agricultural Fair in 1872, the only time ever exhibited there, and it has received a larger number of premiums at the Mechanics' Institute Fairs in San Francisco than any other windmill ever exhibited there.

The EXCELSIOR is manufactured at EXCELSIOR WINDMILL AND PUMP WORKS, 211 Mission Street, San Francisco. H. H. BODWELL, proprietor. N. B.—All my work is fully guaranteed. I also manufacture a ROSETTE WHEEL, from 10 to 16 feet in diameter. This mill is self-regulating, and is a good, substantial mill, and is offered to the public at fully 15 per cent. less than any mill sold in this market.

Send for Price List, or if in town call and see me and examine my work, and I will suit you in price and quality, for I am going to sell to the consumer at the lowest price possible.

22" EVERY MILL FULLY GUARANTEED.

ATWOOD & BODWELL'S Windmill Brass Pumps.

These Pumps were designed especially for windmill work. They are superior to any pump of Eastern make, both in weight, strength, and inside finish.

They are constructed in the simplest form of a lift and force pump, and are not liable to get out of order.

All Kinds of Piping, Fittings, etc., Furnished at Lowest Rates, Also Water Tanks of all Sizes.
