C. GROSJEAN & CO., Agents, 717 FOURTH STREET**MOUNT TAMALPAIS MILITARY ACADEMY**

Mount Tamalpais Military Academy is located in our city and is an educational institution in which the people of San Rafael are very much interested. The reputation of this school as one of the best of its kind in California extends throughout the State and in fact to all parts of the Coast. A large number of students now in attendance come from six or more different states. The school is endorsed, inspected and subsidized by the United States Government. Capt. Geo. E. Sage, U. S. A. has been again detailed by the President to serve his fifth year as the Commandant of the institution, Instructor of Military Tactics, and the head of the military department. The Academy is accredited at both Universities of this State, and has a large number of students in each institution who stand high in their classes. Students are also prepared at Tamalpais for Eastern Universities and West Point, at which places these students are enabled to enter on examination and always find themselves well prepared for the work in Eastern Universities. The Faculty is a large one, having fifteen instructors. This large number enables the management to use the individual method of instruction and to give a very close personal oversight to the needs of each individual student. The curriculum is a broad one, having four courses of studies, namely: classical, scientific, literary and commercial, which are arranged to meet the demands of boys and young men with either preparation for University or Business life in view. Boys of all ages may enter at any time if properly recommended. The twelfth year of this efficient institution opens August the fourteenth. For catalogue and other information address Arthur Crosby or J. W. Grayhill, headmasters, San Rafael, or call at our city office, 10 Montgomery St., for catalogues, etc.

THE COLLEGE OF SAN RAFAEL

The college of San Rafael was opened in the year 1890, as a seminary for young ladies, there being fully \$100,000 expended in its construction. The college was founded in 1850, by the Sisters of St. Dominic and has ever held foremost rank as an educational institution. In 1889, the present sight was selected upon which was reared this magnificent house of learning. Its situation on Grand Avenue, in the lovely Magnolia Valley, surrounded by beautiful and picturesque scenery, gives it the seclusion so desirable in an educational institution, where it enjoys at the same time the advantages of a close proximity to the city of San Francisco.

The college itself is in keeping with the progress of the times, being heated with steam and lighted by electric lights as well as gas. The college is furnished with all the appliances requisite in a modern course of study. All this and much
