

The house of MESSRS. NATHANIEL CURRY & BROTHER was originally established in its present location, at 317 Battery street, in the year 1852, by Mr. Charles Curry, since deceased. On the death of Mr. C., the business passed into the hand of the present proprietors, under whose care and superintendence it has been conducted up to the present time.

A reference to their advertisement, on the opposite page, will give the reader a fair idea of the magnitude of their business, together with their stock in trade,—yet, not fully, for on visiting their establishment recently and making an inspection of their large stock, we noticed a great variety of articles not enumerated in their card, some of which should be included properly among their specialities, and of which we would mention the following:

**Greener's Sporting Gun,
Wesley Richard's Gun,
Charles Jones' Gun,
Robert Adam's Gun,
Lancaster's Gun,
Henry's Repeating Rifle,
Sharp's and Colt's Rifle.**

Also, every variety and style of guns and pistols, from celebrated manufacturers in England, France, Germany, Belgium, and the United States.

Messrs. Curry & Brother are the sole and only authorized Agents for the sale of Henry Deringer's Celebrated Pistol; the same to be had only at their establishment, and invariably bear the mark of "CURRY, AGENT," stamped on the barrel.

The Proprietors have connected with their establishment, a Repairing Department, where all kinds of guns and pistols will be repaired in the neatest manner, and at a moderate charge.
