

This LONG ESTABLISHED HOUSE has gained a wide-spread reputation throughout the Pacific coast for its home-like conveniences and comfortable apartments. Here the stranger is made to feel himself at home, and his every want anticipated.

The building is a substantial FIRE-PROOF BRICK, and contains all the modern improvements. The rooms are neatly furnished and well ventilated, and the table supplied with the best the market affords.

The proprietors propose, by a strict attention paid to the comforts of their guests, with reasonable rates of charges, to merit a continuance of the patronage heretofore so liberally extended to the House.

Files of the leading *Newspapers* and *Periodicals*, and the absence of a *bar*, are among the features of the House. Call and judge for yourselves.

---

The GLOBE HOTEL was first opened to the public in January, 1860. The building is of fire-proof construction, contains over one hundred spacious rooms, is well ventilated, lighted, and furnished throughout, and supplied with all the modern improvements belonging to a first class hotel. The present proprietors have thoroughly refitted and refurnished the house, and are prepared to offer first class apartments to either gentlemen or families, and at prices in keeping with the times, and proportionate to the accommodations furnished.

The table, together with the plans and arrangements which the House affords, guarantees convenience and solid household comfort, as well as ease and luxury to its patrons. The "Globe Hotel Coach" will be in attendance at the Depot and Steamer Landings to convey passengers to the House, free of charge.
