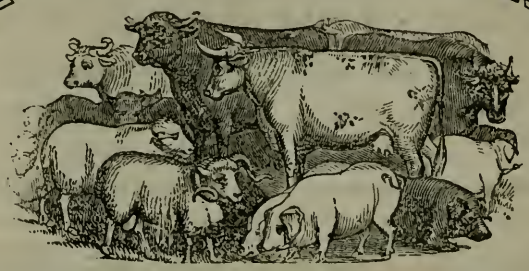
CALIFORNIA MARKET,

ERECTED 1867.



WILLIAM KENNEDY, SUPERINTENDENT.

LLOYD TEVIS,
A. E. DAVIS, } PROPRIETORS.

This new Market, erected in 1867, at an expense of $200,000, is situated on California, Summer and Pine Streets. Its width on California Street is seventy-five feet, and on Pine and Summer Streets one hundred and twenty-five feet each. The total length from California to Pine Street is two hundred and seventy-five feet. The building is of brick, with a substantial stone foundation and granite copings and facings throughout. The height of the first floor is twenty-one feet, and the basement ten and a half feet. The floor of the latter is covered with asphaltum, and is to be devoted entirely to the poultry dealers, and other purposes connected with the market. The entrances on California, Spring, Summer and Pine Streets are ample in width, and the aisles leading therefrom are occupied on each side by numerous Stalls, conveniently and neatly arranged for the numerous branches of business to which they are devoted. One of the features of this Market is the abundance of light, ventilation and drainage, secured by its location and plan, important and indispensable advantages to secure a success commensurate with the enterprise and liberality of the proprietors, Messrs. Lloyd Tevis and A. E. Davis, to whom the public is indebted for this, one of the principal public enterprises of the year 1867.

DIRECTORY.

Butchers. STALL.
