GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO (styled in German, Die Allgemeine Deutsche Understuetzungs Gesellschaft).—Is one of the largest and most efficient charitable institutions in the State. It was organized on the seventh of January, 1854, with one hundred and five members, and has rapidly increased, until now it numbers two thousand four hundred and thirty-three city members.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. For this purpose the society has expended during its existence about \$300,000. The hospital of the society, located on the block bounded by Fourteenth, Ridley, Nos and Castro streets, is built after the most improved plans of modern hospital architecture, and has accommodations for three hundred patients. It was formally opened February 22, 1878, and replaces the loss of their old hospital on Brannan street, which was burned August 28, 1876.

The office is at 535 California street, where the principal agent, Eugene Roemer, can be found from eight o'clock A. M. to five o'clock P. M., on week days. All applications for admission into the society, or for charitable relief, and to furnish employment or servants to applicants, should be addressed to the agent. No charge for application.
