ALPHONSE HIRSCH,

IMPORTING AND MANUFACTURING

OPTICIAN.

If you cannot read this print distinctly by lamp or gaslight in the evening, at a distance of 10 inches, your eyes are failing, no matter what your age, and your eyes need help. Your sight can be improved and preserved if properly corrected. It is a wrong idea that spectacles should be dispensed with as long as possible. If they assist the vision, use them. There is no danger of seeing too well, so long as the print is not magnified; it should look natural size, but plain. Don't fail to call and have your eyes tested.
