

C. A. HOOPER & CO.

AGENTS FOR
EXCELSIOR REDWOOD CO.,
 MANUFACTURERS OF

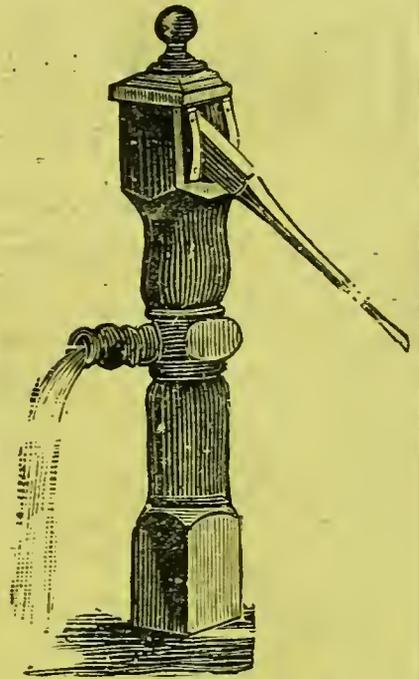

WOODEN PUMPS

—AND—

IRRIGATING PIPE,

Chlorination Tubs and Water Tanks

ALSO, ALL KINDS OF HOUSE FINISH.

Following is a testimonial in commendation of the workmanship of our tanks:—

ST. HELENA, Sept. 17, 1885.

GENTLEMEN:—

When one is dissatisfied with his bargains and goods, he is supposed to be allowed to find fault; per contra, when pleased, it is not usual to say anything about it; but as I am an oddity in human life anyhow, I wish to tell you the ten tanks are all up in good shape, have been tried with water, and are perfect. I am very much pleased that you put in the extra staves so we could leave out the THREE IMPERFECT ones that happened in the lot. The cooper says a better lot of wood and iron was never put together.

If you desire any reference in this section, use my name.

Respectfully,

R. E. WOOD.
