THE "MACKAY GOLD MEDALS"

TELEGRAPHIC TOURNAMENT

Typewriter Receiving Speed Contest,

NEW YORK, MARCH 25, 1893.

OPEN TO THE WORLD.

THE "MACKAY GOLD MEDALS," value \$150 and \$100, first and second prizes, won by two operators, B. S. DURKEE of Portland, Or. and J. H. JONES, of San Francisco, both using the "Caligraph," both from this coast each taking 97 messages direct from the wires in 60 minutes; record of accuracy over 96 per cent; other machines contested but evidently could not compete with the "standard American typewriter, the Caligraph," which "still stands at the head." Catalogue, instruction and information free; rented for trial; sold on easy monthly payments.
