CHICKERING PIANOS

FROM 1823 to 1904 the best piano in the world has been the Chickering.

For 81 years it has been tested, and for 81 years has stood the test and proved its Leadership.

Forty-five years of piano experience in San Francisco convinces us of the pre-eminence of the Chickering, and for 20 years we have sold the instrument.

As the oldest and strongest piano house in the West, we have at our command the agencies of the best known pianos in the world, and, until the test of time has proven some other piano to excel the Chickering in durability, tone and action, we will sell the Chickering.
