JUST four years ago the Commercial Art Co. was the smallest Illustrating and Designing Establishment on the Coast. Today we can say without fear of contradiction that we are the *Largest Illustrating and Designing Establishment on the Coast*. Others claim this honor, but we cordially invite you to visit our plant and judge for yourself.

☐ We also claim that our work is superior to our competitors.

☐ Why? Because we make a point of securing the services of the most efficient men available in all departments of our business.
