ART SOCIETIES.

Art Association, The San Francisco (Mark Hopkins Institute of Art).—Corner of California and Mason streets. Organized March, 1871. Objects—The promotion and encouragement of painting, sculpture and the allied fine arts in the community, and the maintenance of a school in connection therewith. Incorporated July, 1889. Affiliated with the University of California February, 1893, and at the same time entered into possession of the property it now occupies under the terms of an agreement whereby the owner, Mr. Edward F. Searles, decided the building and grounds to the Regents of the University for the exclusive uses and purposes of instruction in and illustration of the fine arts, music and literature, or any of them, including the maintenance of galleries and reading rooms and other suitable means of such instruction and illustration, under the title of "The Mark Hopkins Institute of Art." The buildings of the Mark Hopkins Institute were destroyed in the great fire which devastated the city in 1906, and a new agreement was entered into with the Regents of the University and Mr. Searles under which the Art Association retained possession of the former site and erected thereon a temporary building wherein are displayed such pictures and statues as were saved from the fire, together with subsequent additions to the collection; in this building also is conducted the School of Design, the whole being comprehended under the title of The San Francisco Institute of Art. The present building is the precursor of a more elaborate one which it is the intention to erect in the future. Meantime the Association is enlarging its collection which is on permanent exhibition, while special exhibitions are held at frequent intervals. Meets fourth Tuesday in each month. Henry Heyman, secretary; J. R. Martin, assistant secretary; director, Capt. R. H. Fletcher.

The California School of Design, maintained by the Association, teaches drawing, painting and modeling in all their branches, decorative and constructive designing and wood carving.
