## NOTICE

Owing to the frequency of changes in telephone numbers and to a real uncertainty among telephone subscribers as to the correctness of the latest numbers of their telephone, the publishers of the CROCKER-LANGLEY DIRECTORY having used every possible means to insure the accuracy of telephone numbers as listed in this issue of the Directory cannot assume any responsibility for any inaccuracy or failure of telephone numbers used elsewhere or subsequent lists of telephone number changes.

It will be remembered that the CITY DIRECTORY is not in any way a list of telephone subscribers, and telephone numbers are listed in the City Directory only as a suggestion, under ordinary conditions, of a possible more modern and quicker means of communication.
