

Left—Our modern factory at Irvington, California.

Right—Store and General Offices at San Francisco, California.

Manufacturers, Wholesalers and Exporters of Hospital and Surgical Supplies

Our world-wide experience in equipping hospitals, clinics and surgeons' offices with high-class aseptic white enamel steel furniture and general supplies, is at your disposal.

We would be glad to make up specifications for such equipment from blueprints or diagrams and can provide everything in general hospital and surgical supplies from kitchen and laundry equipment to operating tables and sterilizers.

Correspondence in all languages quickly and efficiently handled. We understand packing properly for foreign shipment.

Write for complete catalog of Hospital supplies.
