Public Utility Bonds for Safe Investment

EXPERIENCED INVESTORS know that from the standpoint of safety, stability, marketability and fair return, good public utility bonds are a pre-eminent investment.

For years Blyth, Witter & Co. has played a prominent role in public utility financing, not only in California, but throughout the country.

Recent information regarding any public utility companies and their securities is readily furnished on request.

Blyth, Witter & Co. service is an all-around service, and embraces all classes of investment securities. Let us place this service at your disposal.
