INCONVENIENT JOURNEYS

At times a journey is a necessity in order to complete the transaction of business, but have you ever thought of the inconvenient journeys you could save by the judicious use of your telephone? In many cases you do not have to leave your office to visit your customer in another city. Long Distance Telephone journeys are effective and comparatively inexpensive.

Most of the shops you deal with will gladly deliver your telephone orders. If you can't shop in person, you can read the ads and shop by telephone.
