*in foreign communications*

RCA Automatic tape relay method cuts manual handlings, insures speedy, accurate transmission

ONLY RCA offers you the speed and reliability of 79 direct circuits to 64 foreign countries—PLUS the most modern development in the international communications field, AUTOMATIC TAPE TRANSMISSION, pioneered by RCA!

Because it IS automatic from origin to destination, manual reprocessing is unnecessary, and fewer eyes see your message, fewer hands touch it. Thus, delays and errors due to the human element are all but eliminated. Your message gets there FAST and gets there RIGHT—anywhere in the world—when you send it "VIA RCA"!

**Be SURE your message goes the BEST way — Be sure and file direct with RCA**
