DISCOVER quality, service and highly competitive prices from MEDIA ETCETERA. QUALITY as only a Compugraphic IV-BIT/G can give you: from 6 to 72 points; a selection from eight typefaces at any one time; character compensation; composition to eliminate time consuming cut and paste ups. In many cases, what you need TODAY, you'll have TODAY. Not tomorrow. If necessary, we'll work the night for you so you'll have an easy tomorrow. Pickup and delivery, too. Prices? Would you believe the lowest possible price for the same quality? PosOne camera is also available for Stats, reverses, posterization, screens, halftones, veloxes and special effects. Layouts, design & paste ups available. Whatever it is, we'll prepare it for you. From copy to the finished product. There's more to the ETCETERA in MEDIA than you think. Foreign language type? Tell us what language it is and if we can't get it, it's because no one is using it.

MEDIA ETCETERA

870 Market St., Suite 653 San Francisco, Ca 94102 (415) 433-7193
