

# YOUR NEAREST HEALD SCHOOL IS IN SACRAMENTO—

**SADIE SIMPSON**

Daughter of Mr. L. W. Simpson of Live Oak, Sutter Co. Miss Simpson entered our school Nov. 1, last—took the Secretarial Course and on or about April 1st this year, we were invited by Ed. Johnson, District Manager of The Pacific Gas and Electric Co. at Marysville to send them a stenographer. We selected Miss Sadie for the position and everybody is happy.

Just recently we received a most appreciative letter from Miss Simpson—one of the finest letters you ever read and we were mighty glad to know that she was getting along so nicely. A most worthy example of success—another evidence of what hard work coupled with good sense will do.

**FORREST HUMPHREY**

Secretary and Bookkeeper for Rice and Forrest, 1218 Kay St., Sacramento. Agents, Velie and Hupmobile. Miss Forrest learned her shorthand and bookkeeping in our night school—absolutely a product of her untiring energy and determination to make something of herself. Where the world finds one Miss Forrest Humphrey there are hundreds who could do as well but the cold fact remains that those hundreds are going along day by day giggling and grinning their opportunity and time away. All, too, at a time when business is in great need of Stenographers, Secretaries, Accountants and Bookkeepers. Let Miss Humphrey's success encourage you to emulate her example.
