

## How to Use the New Classified Business Directory

To locate the telephone number of a business subscriber you have in mind—

First locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next examine the listings thereunder and locate the telephone number of the desired subscriber.

*NOTE—Every business subscriber is listed under a classification generally descriptive of his business. In order that the user of the classified section may readily find the listing of the subscriber he has in mind the Telephone Company will assist in the selection of the heading under which the listing is to appear.*

To locate the dealer who can serve your particular buying need—

First locate the heading which is descriptive of the article desired. (See note at bottom of page.)

If the article is one that is not covered by a business classification the heading will be found in regular alphabetical order.

If, however, the article is of a particular type that is covered by a business heading, or, by a main heading, it will be found as a sub-heading thereunder. For example, Paper Boxes will be found as a sub-heading—Paper under the business heading Box Manufacturers rather than as a main heading under the letter P.

Next examine the listings thereunder and from the information given select the dealer who meets your particular requirements. You can save shopping time by reading the descriptive matter associated with the listings. This completes your buying information.

Again, you may be interested in a particular trade mark brand of the article. (See note at bottom of page.) The trade mark heading will follow the descriptive heading as, for example, CANTBREAK Wooden Boxes will be found under the sub-heading—Wooden. Dealers are listed under "Where to Buy It."

*NOTE—Listings appearing under this type of heading are those of concerns specializing in the particular commodity or service indicated by the heading. These listings are paid for by the advertiser and thus signify that he is in a position to serve you and is desirous of so doing.*
