HOW TO MAKE EMERGENCY CALLS

In an emergency call the operator and say:

"I want to report a fire" "I want a policeman" "I want an ambulance"

Followed by the name of your City and your Telephone number.

Or obtain the correct number from the alphabetical directory and place your call in the usual manner.

When calling the Fire or Police Departments, or an Ambulance (Emergency Hospital), you should give your message direct to the department concerned. Give your name, street address and between what cross streets that address is located, to the department called.
