Laundry Your Curtains
This Better Way

Every curtain measured before washing, then dried exactly to the original size.

Scallops shaped perfectly; corners made square and true. No pins or hooks used which might tear or otherwise mar the curtains.

The result will be a wonderful improvement in your hangings after such careful finishing as this, preceded by a gentle, freshening bath in pure, fleecy suds. You'll never bother again to do with a worry with hooks and stretchers, pin tears and crooked corners—when you can have us launder them so daintily clean and shapely.

Once more they will drap beautifully smooth as a hand true as when new, and lend fresh beauty to your windows.

Just gather together your curtains, bundle them up, and phone us. They will be called for and returned promptly.

Every curtain is dried to exactly its original size. Curtains are gently padded down—no pins or hooks used.
