Each new issue of the telephone directory contains an important percentage of listings that are new, or with changed numbers.

Even in calling unchanged telephone numbers, memory will play pranks.

Please consult the directory first, if you are in the least doubtful about the accuracy of a number.

FOR THE HARD OF HEARING
A special telephone has been developed by the Bell System for the aid of those with impaired hearing.
Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business office.
