EMERGENCY CALLS

In an emergency if you call or dial "Operator" and say

"I want to report a fire" or "I want a policeman," or "I want an ambulance,"

giving the address where the emergency exists and the name of the city or town, an attempt will be made to connect you with the required number.

For other than emergency, consult the alphabetical section of the directory.

Whether you use Station-to-Station or Person-to-Person service, your Inter-City calls can be handled faster if you give the local or long distance operator the number of the called telephone. (See "How to Make Inter-City Calls" on Page VIII).

When a new directory is delivered, PLEASE TEAR OUT THIS PAGE and transcribe the list of telephone numbers to the new directory after verifying each number. If this page is not adequate for your needs, special forms may be obtained from the Business Office.

Directories for certain Out-of-Town points are available for reference at the Business Office.
