Under the phrase "Where To Buy It" you will find listed the local stores or agents of a great many nationally-advertised articles.
 The list of manufacturers who so list their local representatives is not yet complete, for this feature of your yellow-paged Buyer's Guide is new. But it is rapidly developing, and this year is bigger than ever.

All Over the Broad United States

When you travel, use the local "Buyer's Guide." It will tell you where you can get the articles and services you always get at home.
