**FOR THE HARD OF HEARING**

A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business office.

A Star Salesman for a Few Cents a Day!

An advertisement in the "Buyer's Guide" is a powerful addition to your selling force. It turns the growing habit of buying by telephone into dollars and cents for you.

"It Pays Because It Stays"

**Manufacturers Can List Dealers, or Dealers Can List Themselves**

"Buyer's Guide" was originated primarily to fill a positive need of telephone subscribers. It fills an equally important need of manufacturers and retailers, for it brings to the consumer the exact information as to where to buy the manufacturer's product in which he is interested.
