"Thank You!"

WE, the young women who serve your telephone, appreciate the co-operation you give us in our efforts to render a better and ever better service.

We handle many thousands of calls a day. We earnestly desire to reduce errors to an absolute minimum. Sometimes, in spite of our efforts, a call goes astray. It is our desire as well as yours to get the message back on the right path instantly.

We can correct a wrong number or a cut-off, and our Supervisors are ready to intercede in problems beyond our immediate control.

Should your telephone be out of order, please step to another and notify Repair Service. If you have business to trans-

act with the company, such as an order for service, an item on your bill, a directory listing or the moving of a telephone, please ask for our Business Office.

We render a most personal type of public service. Telephoning is a mutual undertaking that requires the co-operation of the person calling, the person called, and those of us who operate and maintain the delicate mechanism.

Although, being human, we may not reach so-called "perfection," you may be sure that we will continue to the best of our abilities to do our part in the company's continual effort to give you faster and better service.

You are always cordially welcome at our central offices.
