AS SHE TYPES, COPIES APPEAR  
AT MANY POINTS AT ONCE  
A typist in one city, on a Teletypewriter,  
records an order, letter, bill or memo-  
randum.  
As her fingers touch the keys of her in-  
strument, those exact letters appear simul-  
taneously in other offices in the same  
building or in distant cities.  
Such is the Teletypewriter, a new aid to  
modern business.  
Office, plant, warehouse, all can be tied  
together by the Teletypewriter.

Each new issue of the telephone directory  
contains an important percentage of listings  
that are new, or with changed numbers.

Even in calling unchanged telephone  
numbers, memory will play pranks.

Please consult the directory first, if you  
are in the least doubtful about the accuracy  
of a number.

"Let's See—Who  
Carries It?"

Whether it is a nationally-ad-  
vertised product, or a simple  
local service, look for it in the  
"Buyer's Guide"!

Those useful pages of tele-  
phone information will save  
you time and energy.

IS IT FIFTY  
STEPS TO  
YOUR  
TELEPHONE  
?

---

HAVE you ever count-  
ed the steps you take  
each day back and forth  
from your telephone?

An extension telephone  
upstairs would save a  
great many of these steps.

The cost is only a few  
cents a day. Just tele-  
phone our Business Office  
to have an extension tele-  
phone installed.
