AS SHE TYPES, COPIES APPEAR AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter, records an order, letter, bill or memorandum.

As her fingers touch the keys of her instrument, those exact letters appear simultaneously in other offices in the same building or in distant cities.

Such is the Teletypewriter, a new aid to modern business.

Office, plant, warehouse, all can be tied together by the Teletypewriter.

THE PACIFIC TELEPHONE AND TELEGRAPH CO.

For Telephone Users who are Hard of Hearing

Important aids for the deaf have been developed by the Bell System. . . . Those who are hard of hearing over the telephone can be provided with head sets and special amplifying equipment. . . . Our business office will gladly explain.
