AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE.
A typist in one city, on a Teletypewriter,
records an order, letter, bill or memo-
randum.

As her fingers touch the keys of her in-
strument, those exact letters appear simul-
taneously in other offices in the same
building or in distant cities.

Such is the Teletypewriter, a new aid to
modern business.

Office, plant, warehouse, all can be tied
together by the Teletypewriter.
