#### AS SHE TYPES, COPIES APPEAR

AT MANY POINTS AT ONCE

A typist in one city, on a Teletypewriter,  
records an order, letter, bill or memo-

randum.  
As her fingers touch the keys of her in-

strument, those exact letters appear simul-

taneously in other offices in the same  
building or in distant cities.

Such is the Teletypewriter, a new aid to  
modern business.

Office, plant, warehouse, all can be tied  
together by the Teletypewriter.
