

You can do this any time—anywhere
—with a customer.

Long Distance service will take you
there in seconds time and permit a
personal expression of appreciation
for business received.

Business getters are finding that
these calls afford high yields in profits
and goodwill. The cost is low.

AS SHE TYPES, COPIES APPEAR
AT MANY POINTS AT ONCE
A typist in one city, on a Teletypewriter,
records an order, letter, bill or memo-
randum.
As her fingers touch the keys of her in-
strument, those exact letters appear simul-
taneously in other offices in the same
building or in distant cities.
Such is the Teletypewriter, a new aid to
modern business.
Office, plant, warehouse, all can be tied
together by the Teletypewriter.

TELEPHONE "JACKS" OFTEN
ADD GREATLY TO CONVENIENCE
At desired points, "jacks" for a portable
telephone may be installed in your home or
business premises. A "plug" on the end
of the portable telephone cord makes the
telephone connection.
This is one of several special types of
telephone service which are available for
particular requirements.
