AS SHE TYPES, COPIES APPEAR  
AT MANY POINTS AT ONCE  
A typist in one city, on a Teletypewriter,  
records an order, letter, bill or memo-  
randum.  
As her fingers touch the keys of her in-  
strument, those exact letters appear simul-  
taneously in other offices in the same  
building or in distant cities.  
Such is the Teletypewriter, a new aid to  
modern business.  
Office, plant, warehouse, all can be tied  
together by the Teletypewriter.
